

ACKNOWLEDGEMENT

In the name of Allah, the Beneficent and the Merciful, all praise is only to Allah SWT, lord of the world who has bestowed upon the writer in completing this script entitled The Role of Attitude to Language Learning in Reading Comprehension. Peace and blessing be upon our prophet, Muhammad SAW, his families, his companions, and his followers.

This script is constructed as one of the requirements in accomplishing the S-1 Degree at Department of Language and Arts of Faculty of Teacher Training and Education, University of Lampung. Herewith, the researcher would like to convey his gratitude and respect to Prof. Ag. Bambang Setiyadi, M.A., Ph.D., his first advisor for his guidance, enlightenment, and ideas during the script-writing. He also wants to extend his gratitude to Budi Kadaryanto, S.Pd., M.A., his second advisor for his invaluable assistance, encouragement and ideas. His thankfulness is also addressed to Dr. Flora, M.Pd. as the examiner for her invaluable suggestion, criticism and input for the completion of this script.

His appreciation is also addressed to the Headmaster of SMA Negeri 1 Sumberejo, Hernika Zulianda, M.Pd. who gave the researcher chance to carry out the study in that school and Mujiatun, S.Pd. as the English teacher for her permission to generate the data as well as her advice and support during the research.

The researcher would address his thankfulness to dear English friends of class 2011 for their support and input especially for Haris, Lia, and Nisa. His appreciation is also dedicated to my KKN brothers and sisters: Jivi, Azhar, Intan, Latifah, Arvi, Susi, Fitri, Pipin, and Ajeng.

At last, the researcher wants to express his special gratitude and respect to his parents, Akhmad Sugino and Maryamah for their innumerable love, prayers, support, advice and patience. He also expresses his gratitude to his sisters: Nevi and Wida who always give happiness, spirit, and encouragement.

Hopefully, this research can be beneficial to the readers as well as those who intend to bring about further research.
