**APPLICATION OF PRINCIPLES - PRINCIPLE OF DEMOCRACY IN
CONGRESS DEVELOPMENT PLAN**
(Case Study in the village of Banyumas, District Banyumas Regency Pringsewu)

By

ADITIA ARIEF

Deliberation development plan (Musrenbang) created as a guideline and reference for the village administration. And the means of government and Banyumas village community in village development aspirations Banyumas. In accordance with the four principles of democracy, namely participation, transparency, accountability, and obedience to the law. That is where the process musrenbang viding a question mark, such as a lack of public participation, no real form of development in musrenbang, non-performance of Musrenbang village held once a year contained in the law of the village. For that is expected musrenbang can apply these four principles in the process.

The purpose of this study was to determine how the application of the principles of democracy in the Implementation of Development Plan Meeting. This type of research is used descriptive qualitative approach.

The results showed that, the process of implementation of the Principles of Democratic Deliberation on Rural Development Rencna Banyumas not meet the

principles of participation, transparency, accountability and observance of the law. Barriers democratic process in the Development Plan Meeting in Banyumas village is the lack of public participation and funds are limited due to the absence of real shape and ineffective in the meeting and it is not clear what is in the can, it causes people prefer to occupy themselves.
