

ABSTRACT

POLICY FORMULATION OF CITY WORTH CHILD (KLA) IN BANDAR LAMPUNG

by
Ludfiana Dwi Kosari

Children should receive the widest possible opportunity to grow and develop optimally, both physically, mentally and socially. The Women's Ministry together with relevant government sectors, community organizations and non-governmental organizations developed a model of the City Worth Child, the city in which the spirit has been concocted to provide protection to children as an activity or effort to guarantee and protect the child. This study aims to determine how the process of policy formulation KLA in the city of Bandar Lampung and KLA policy content in accordance with public issues.

This study used qualitative research methods. The data used are primary and secondary data. The data has been processed and then presented in the form of descriptions, then interpreted or construed to be discussed and analyzed qualitatively, then to proceed drawn a conclusion.

Based on the results of research and discussion in mind that the process policy formulation of KLA has been through stages in accordance with the process of formulating a policy. In the policy process looks different backgrounds and dynamics as well as the role of the actors involved in its formulation. In the process of formulating this policy, the main actor or actors most dominant is the Ministry of Women's Empowerment and Child Protection as the technical agency proposer draft local regulations and BKKB & PP Bandar Lampung who conduct discussions on policy. Public policy formulation process in line with the incremental model. Previously existing policy rules used by the Ministry of Women's Empowerment and Child Protection as a guide and reference in formulating the policy formulation process KLA. Implicit in the regulation instead of a statute or regulation to be done but is used as a guide in formulating government agencies as well as other elements related to the KLA policy.

Keywords: Formulation, Policy, City Worth Child.
