

## **ACKNOWLEDGEMNT**

Praise is to Allah SWT, the most beneficent, the merciful and the almighty for the blessing given to the researcher during the study and completing this script. This script is presented to describe the influence of Word Categorization method towards students' vocabulary achievement at the second grade of SMPN 1 Seputih Surabaya, Central Lampung. It is also expected that this paper can inspire other researchers when facing the same problem related to this research.

In composing this script, the writer got a lot of guidances, suggestions, and many valuable things from various sides. Therefore, the researcher would like to thank to the following people for their ideas, times, and guidances for this script:

1. Prof. Dr. Cucu Sutarsyah, M.A as the chairman of English Study Program.
2. Budi Kadaryanto, S. Pd., M.A as advisor, who has patiently guided and directed the researcher until the completion of this script.
3. Drs. Ramlan Ginting Suka as co-advisor, who has given guidance and supervision, especially in correcting this script.
4. Ujang Suparman, M.A., Ph.D as the examiner, who has given guidance and suggestion for the improvement of the script.
5. The English Study Program lecturers in University of Lampung
6. Special thanks to Herry Suhartono, S.Pd, as the headmaster of SMPN 1 Seputih Surabaya, Central Lampung for allowing him to conduct the research; and also for Tri Wahyu Suharyani, S. Pd. Ing, as English Teacher at SMPN 1 Seputih Surabaya Central Lampung for being so helpful during the research process and giving suggestions during the research;

and to the students of the second grade of SMPN 1 Seputih Surabaya Central Lampung for being so cooperative during the research.

7. All of his beloved friends in English Department, especially for his close friends (Ketut, Miftah, Enggi) who always support him and always beside him all over happiness and sadness.
8. The last, the researcher would like to say thanks to colleagues and all persons who cannot be mentioned individually here, who has greatly contributed toward the completion of this script.

Finally, the researcher assumes that there are still some weaknesses in this script. Any corrections, comments and criticism for the improvement of this script are always open-heartedly welcome and the writer hopes that this paper will be useful for the readers.

Bandar Lampung, October 2013
