

Based on the results of research and discussion that: 1) The role of the Indonesian National Police in possession of firearms licensing non-organic for civil society in Belfast which has a very important role, because the police are entitled to issue a licensing agency Firearms Ownership .. Police involved in any procedures that have been established, ranging from before dikeualtkan permission and consent to the release. Until the supervision and control of Non Organic Firearms circulating in Bandar Lampung. 2) the legal sanctions for civilian possession of firearms without a license from the formal ownership of the Police of the Republic of Indonesia in Bandar Lampung, which is in accordance with the provisions of the Act has - Law No. 12 / DRT / 1951 Article 2.

Based on the conclusions above, the suggestion of the author, among others: 1) Instead of this psychiatric qualification criteria among civil society, the necessary criteria, procedures and requirements are more selective again. This is not the intention to make public, but importantly, we prevent the possession of firearms in civil society, not the potential to misuse firearms that will add to the number of cases of misuse of firearms, both among the organs of state as well as in civil society . 2) should be given legal sanctions against the civilian population does not have an official license can be a clear and tangible sanction of the law enforcement agencies to act kepemiikan unauthorized firearms from the police.
