DAFTAR ISI

Daftar Tabel .......................................................................................................... iii
Daftar Gambar ........................................................................................................ iv

I. PENDAHULUAN

A. Latar Belakang dan Masalah ................................................................. 1
B. Tujuan Penelitian .................................................................................. 9
C. Kegunaan Penelitian ......................................................................... 10

II. TINJAUAN PUSTAKA DAN KERANGKA BERPIKIR

A. Tinjauan Pustaka .................................................................................. 11
   1. Tinjauan Biologi Tanaman Kelapa Sawit ...................................... 11
   2. Budidaya Tanaman Kelapa Sawit ............................................... 13
   3. Analisis Usahatani ........................................................................ 22
   4. Kemitraan dan Kelembagaan ..................................................... 31
   5. Kesejahteraan Petani Plasma .................................................... 40
   6. Tinjauan Penelitian Terdahulu .................................................. 41
B. Kerangka Pemikiran ......................................................................... 42

III. METODE PENELITIAN

A. Konsep Dasar dan Batasan Operasional ................................................. 50
B. Lokasi Penelitian, Responden, dan Waktu Penelitian .................... 57
C. Metode Penelitian dan Pengumpulan Data ...................................... 59
D. Metode Pengolahan dan Analisis Data ................................. 59
   1. Analisis Deskriptif .......................................................... 60
   2. Analisis Kelayakan Finansial ......................................... 60

IV. GAMBARAN UMUM DAERAH PENELITIAN

A. Gambaran Umum Kabupaten Lampung Tengah ....................... 65
B. Gambaran Umum PT Perkebunan Nusantara VII
   Unit Usaha Bekri .................................................................. 71

V. HASIL PENELITIAN DAN PEMBAHASAN

A. Karakteristik Responden ...................................................... 82
   1. Umur Responden ............................................................. 82
   2. Mata Pencaharian Responden ........................................... 83
   3. Tingkat Pendidikan Formal Responden ............................... 85
   4. Jumlah Tanggungan Keluarga Responden ............................. 86
   5. Status Penguasaan dan Kepemilikan Lahan Petani .......... 87

B. Budidaya Kelapa Sawit di Daerah Penelitian ............................ 88
   1. Persiapan Bibit .................................................................. 88
   2. Persiapan Lahan, Pembuatan Lubang Tanam, dan
      Penanaman ........................................................................ 89
   3. Pemeliharaan ................................................................... 90
   4. Pemanenan ....................................................................... 93
   5. Produksi ........................................................................... 93

C. Sistem Kelembagaan dalam Pengelolaan Usahatani
   Kelapa Sawit ........................................................................ 96

D. Pelaksanaan Pola Kemitraan antara Petani
   dan Perusahaan ...................................................................... 107

E. Usahatani Kelapa Sawit .......................................................... 125
   1. Biaya Investasi ................................................................. 126
   2. Biaya Tetap ........................................................................ 127
   3. Biaya Tidak Tetap ............................................................. 128
   4. Penerimaan Usahatani ....................................................... 130
   5. Pendapatan Usahatani ....................................................... 130
VI. KESIMPULAN DAN SARAN

A. Kesimpulan ................................................................. 138

B. Saran .......................................................................... 139
