  1. Tujuan Meronce ............................................................. 29
  2. Manfaat Meronce .......................................................... 29
D. Pembelajaran Anak Usia Dini ............................................. 31
E. Hubungan Kegiatan Meronce Dengan Perkembangan Motorik Halus Anak ................................................................. 32
F. Penelitian Relavan ............................................................. 35
G. Kerangka Pikir ................................................................. 37
H. Hipotesis Penelitian ............................................................. 38
III  METODE PENELITIAN
A. Metode Penelitian .......................................................... 39
B. Waktu dan Tempat Penelitian ........................................ 39
C. Populasi dan Sampel ..................................................... 40
D. Definisi Konseptual Variabel ........................................... 40
E. Definisi Operasional Variabel ......................................... 41
F. Kisi-kisi Instrumen ......................................................... 42
G. Teknik Pengumpulan Data .................................................. 43
H. Teknik Analisis Data ........................................................ 44

IV. HASIL DAN PEMBAHASAN
A. Gambaran Umum Lokasi Penelitian ........................................ 47
   1. Sejarah Singkat TK At-Taqwa ....................................... 47
   2. Visi Misi Tujuan Sekolah ............................................. 48
   3. Identitas Sekolah ........................................................ 49
   4. Kondisi Fisik Sekolah ................................................... 49
   5. Fasilitas Kelas ............................................................. 50
   6. Sarana Bermain .......................................................... 50
   7. Data anak ....................................................................... 51
B. Hasil Penelitian ..................................................................... 51
   1. Hasil Pengamatan Pada Setiap Pertemuan .......................... 51
   2. Uji Hipotesis ................................................................... 56
C. Pembahasan ........................................................................ 57

V. KESIMPULAN DAN SARAN
A. Kesimpulan ....................................................................... 63
B. Saran .................................................................................. 64
