

CHAPTER III CONCLUSION AND SUGGESTION

3.1 Conclusion

Based on her experience after conducting field practice for two month in Briefing Office of Radin Inten II Airport. The writer can conclude:

- Because Radin Inten II Airport is an airport in Lampung province that gives air transportation service by using aircraft to serve passenger, Briefing Office is very important in Radin Inten II airport. It functions to provide information necessary to ensure the safety, regularity and efficiency of air navigation.
- During the writer conducted field practice in Briefing Office unit, she had duty sending flight plan by using Aeronautical Fixed Telecommunication Network (AFTN), the one of aviation safety which has function to give information about data of aircraft from aeronautical stations to other aeronautical stations.
- The writer still got problems to do her duties, and what she can learn from the problems are she must understand about code abbreviation of aviation and aviation English.

3.2 Suggestion

3.2.1 For Unila or Diploma III English Profession

- The number of field practice supervisors at the airport should be added so that the field practice can be effective.
- The students must have computer skill. It is really needed in working environment. Therefore, the University must add the content subject of computer.
- The student must added vocabulary about aviation English.

3.2.2 For Radin Inten II Airport

- The airport should upgrade their facilities, in order to support the work of staffs and to give a satisfaction to the passengers.
- In order to avoid damage in Briefing Office, the staffs should check the operating equipment which will be used and update the aeronautical message center.
