

CHAPTER III CONCLUSION AND SUGGESTION

3.1 Conclusion

Based on the writer's observation, experience and information that the writer got during the field practice at Culture and Tourism Office of Bandar Lampung City, the writer can conclude as follow :

1. Culture and Tourism Office has a good vision and mission to develop Lampung Culture and Tourism and to attract many investor and visitor.
2. Culture and Tourism Office success to increase the visit of tourist into Bandar Lampung by their ways. Follow national events and created national events, Culture and Tourism Office can promote anything about Bandar Lampung, until make the people interested to come to Bandar Lampung and success to help Culture and Tourism Office to increase the visit of tourist.
3. Field Practice Program is a good program to develop and apply the students skills. It also introduces the students the real works situation and gives experience to the students in working field.
4. The students who had field practice in Culture and Tourism Office have done their duties well although they still found some problem, for example, lack of knowledge about tourism. But it can be solve with asking the staff, reading, and study hard. Through this report, the students can study to find the source problem and the ways out.

3.2 Suggestion

Based on the conclusion above, the writer give some suggestion namely :

1. For Culture and Tourism Office of Bandar Lampung City

- Culture and Tourism Office of Bandar Lampung should make the staffs aware about their responsibilities, more discipline and also improve the facilities so the staff can work well.
- The government institution should give more attention for tourism object in Bandar lampung, like about the accesibility and the facilities. Should the tourist can enjoy their visit and can increase every year.
- Should be places of resort businesses, restaurants and hotels which provide an annual report to the tourism department to the database.
- Should give more specific about the tourists who visit, so that can know the origin of the tourists who come to visit.

2. For Professional English D III Program of Lampung University

Professional English D III Program should give the students more lessons about computer skill especially excel and Office program, because it is only 2 credits semester system and the lecturer was not effective.

3. For The Students

All of the students should have a lot of knowledge and skill that are needed in working field. They also should have a good mental attitude

in order to create a good relation and cooperation with the staff where they have field practice.
