

Appendix 2

LESSON PLAN I, II and III

(Experimental Class)

School : SMPN 1 Seputih Banyak

Subject : English

Topic : Things around us

Class/Semester: VII/2nd semester

Time : 2 x 40 minutes

I. Standard Competence

- Expressing the meaning in short written functional text to interact with the closest environment.

II. Basic Competence

- Expressing the meaning in short written functional text by using variety of written language accurately and fluently to interact with the closest environment.

III. Indicators

1. The students are able to mention and pronounce the names of things.
2. The students are able to understand the meaning of the names things.
3. The students are able to use the new vocabulary in their sentences.

- Character

1. Logical

The students are expected to be logical in guessing the name of the things based the clues have been given by the teacher in group activity.

IV. Learning Objectives

The students are able to use the words in good pronunciation and make the sentences by using the new vocabulary.

V. Teaching Material

a. First Treatment

1. Reading Text

Layout of items in my house

At home there are many things in each room. First is the living room, in the living room there are two single sofas next to the wall and the other facing West. In front of the sofa there is a table on which there is a vase of flowers. Then there is a television in front of a sofa and table.

The second is my bedroom. In my room there is a South-facing beds then there is a desk study and the cupboard next to the bed. The book and put my computer on a desk study. In a bed there is a blanket, pillow and pillow case each numbered one.

Third is the bathroom. In the bathroom there are a bath tub and closet next to it. Then place the soap hanging on the wall next to the tub. Fourth is the kitchen. In the kitchen there are a lot of tools for cooking such as stove, pans, kettle etc. The stove is located on the South side of the wall. The pans hang on a nail that is walled. Then, the kettle is on the place plate.

b. Second Treatment

1. Reading Text

My mother goes to the shop every day. The shop is near by my house. She goes to the shop to fulfill our needs. There are three primary needs; they are cloth, food and house. My mother buys the foodstuff of our family there, such as vegetables, fruits, fish, etc. She also buys some eggs to make delicious bread. Besides, she buys medicine for my sister. After getting all of the items, my mother comes to the cashier to pay the things bought. Then, she gives the money and leaves the shop.

2. Projected Pictures

19. Medicine ['medɪsɪn]

<https://www.google.com/search?q=medicine&client=firefox-beta&rls=org.mozilla>

10. Fish [fɪʃ]

<https://www.google.com/search?q=fish&client=firefox-beta&hs=w2x&rls=org.mozilla>

20. Refrigerator [rɪ'frɪdʒə, reɪtə]

<https://www.google.com/search?q=refrigerator&client=firefox-beta&hs=w2x&rls=org.mozilla>

c. Third Treatment

1. Reading Text

My School

There are many classrooms in my school. The first and second grades consist of seven classes for each grade and the third grade consists of six classes. Moreover, there are some items in the classroom. The whiteboard is usually located in front of the class. Then, there are some desks and tables there. The windows in the class are usually covered by the curtain. Besides, there are teachers and headmaster office, library, mosque, etc. Library is a place used to collect the books in the bookshelves. So, the students can come to this place to borrow a book. Then, there is a flagpole in the middle of the clean yard. The national flag is hung on the flagpole. I feel pleasant studying in my lovely school.

10. Map [mæp]

<https://www.google.com/search?q=map&client=firefox-beta&rls=org.mozilla>

20. Curtain ['kɜ:tɪn]

<https://www.google.com/search?q=curtain&btnG=Search&client=firefox-beta&rls=org.mozilla>

VI. Learning Activities

■ Pre-activities:

1. The teacher greets the students.
2. The teacher checks the attendance list.
3. The teacher explains which will be learned.

■ While activities:

4. The teacher delivers a text.
5. The students read the text.
6. The students find out nouns in the text based on the subtopic learned.
7. The students mention the nouns.
8. The students look at the projected pictures.
9. The students repeat the correct pronunciation of the words after the teacher.

10. The students check the meaning of the words in the dictionary.
11. The teacher asks some question related to the nouns, such as:
 - What is the function of this thing?
 - When will we use this thing?
 - Where will we find this thing?
12. The students are divided into four groups.
13. The students guess the names of things which have been defined.
(What is the name of the thing?)
14. The students are shown the projected picture which is asked before.
15. The teacher reviews the lesson and asks the students to memorize the vocabulary.
16. The teacher asks the students whether there are any difficulties about the topic.
17. The teacher closes the meeting.

▪ **Post activities:**

18. The students make some sentences by using the new vocabularies given.

VII. Media and Source

Media : 1. Reading text

2. Projected picture

Source : Student's handbook and

<https://www.google.com/imghp?hl=en&tab=ii>

VIII. Evaluation

1. Technique : Answering question
2. Form : Written test
3. Instrument : The teacher asks the students to make 10 simple sentences using the words have been given.

IX. Scoring System :

$$(\text{Percentage of correct score}) X\%c = 100 \frac{(\text{number of right answers})R}{(\text{total number of the items on test}) T}$$

For example:

$$R = 10$$

$$T = 10$$

$$X\%c = 100 \frac{10}{10}$$

$$= 100\%$$
