DAFTAR TABEL ........................................................................................................ vi

DAFTAR GAMBAR ..................................................................................................... vii

I. PENDAHULUAN ........................................................................................................ 1
   A. Latar Belakang .................................................................................................. 1
   B. Identifikasi Masalah ....................................................................................... 6
   C. Rumusan Masalah .......................................................................................... 6
   D. Tujuan Penelitian .......................................................................................... 7
   E. Manfaat Penelitian ....................................................................................... 7

II. TINJAUAN PUSTAKA ............................................................................................ 9
   A. Hakikat Belajar .............................................................................................. 9
   B. Keterampilan Gerak Dasar .......................................................................... 19
   C. Tahap Pembelajaran Gerak .......................................................................... 19
   D. Periode Perkembangan Gerak Dasar Untuk Anak Usia SD ....................... 22
   E. Hakikat Bermain ........................................................................................... 23
   F. Pengertian Bermain dalam Pendidikan Anak ............................................. 24
   G. Sumber Belajaran dan Alat Permainan ....................................................... 25
   H. Teori Bermain ............................................................................................... 26
   I. Manfaat Bermain Bagi Anak ........................................................................ 27
   J. Pendidikan Jasmani ....................................................................................... 28
   K. Permainan Rounders .................................................................................... 31
   L. Gerak Dasar Menangkap Bola Melambung .............................................. 32
   M. Alat Bantu Pembelajaran .......................................................................... 33
   N. Kerangka Berfikir ......................................................................................... 37
   O. Hipotesis ........................................................................................................ 39

III. METODOLOGI PENELITIAN .................................................................................. 40
   A. Metode Penelitian ......................................................................................... 40
   B. Subjek Penelitian .......................................................................................... 42
   C. Tempat Dan Waktu ...................................................................................... 42
   D. Variabel dan Data ......................................................................................... 43
   E. Rancangan Penelitian .................................................................................. 43
      1. Siklus I ......................................................................................................... 44
      2. Siklus II ....................................................................................................... 45
   F. Instrumen Penelitian .................................................................................... 47
   G. Teknik Analisis Data .................................................................................... 48
IV. HASIL DAN PEMBAHASAN ................................................................. 49
   A. Hasil Penelitian ............................................................................ 49
   B. Pembahasan .................................................................................. 52
   C. Refleksi Menangkap Bola Melambung ........................................... 53
V. SIMPULAN DAN SARAN ................................................................. 57
   A. Kesimpulan .................................................................................. 57
   B. Saran ............................................................................................ 57
DAFTAR PUSTAKA ............................................................................. 58
LAMPIRAN .......................................................................................... 59
