DAFTAR ISI

Halaman

DAFTAR TABEL ........................................................................................................ ix
DAFTAR GAMBAR .................................................................................................. x

I. PENDAHULUAN
   A. Latar Belakang Masalah ....................................................................................... 1
   B. Rumusan Masalah ............................................................................................... 4
   C. Tujuan Penelitian ................................................................................................. 4
   D. Manfaat Penelitian .............................................................................................. 4
   E. Ruang Lingkup Penelitian ................................................................................... 5
   F. Kerangka Pikir ..................................................................................................... 6
   G. Hipotesis ............................................................................................................... 7

II. TINJAUAN PUSTAKA
   A. Metode Discovery ............................................................................................... 9
   B. Keterampilan Proses ........................................................................................... 11

III. METODE PENELITIAN
   A. Waktu dan Tempat Penelitian .......................................................................... 15
   B. Populasi dan Sampel ......................................................................................... 15
   C. Rancangan Penelitian ........................................................................................ 15
   D. Prosedur Penelitian
      1. Pra Penelitian .................................................................................................... 16
      2. Pelaksanaan Penelitian .................................................................................. 16
   E. Teknik Pengumpulan Data ................................................................................ 18
   F. Teknik Analisis Data
      1. Uji Normalitas Data ....................................................................................... 19
      2. Uji Homogenitas Data .................................................................................. 19
      3. Pengujian Hipotesis ...................................................................................... 20

VI. HASIL PENELITIAN DAN PEMBAHASAN
   A. Hasil Penelitian ................................................................................................... 21
   B. Pembahasan ......................................................................................................... 24
V. SIMPULAN DAN SARAN

A. Simpulan .......................................................................................... 31
B. Saran ................................................................................................. 31

DAFTAR PUSTAKA .................................................................................. 32

LAMPIRAN
1. Data-Data Hasil Penelitian ............................................................... 34
2. Analisis Statistik ................................................................................ 36
3. Uji Validitas dan Reliabilitas soal...................................................... 45
4. Perangkat Pembelajaran Silabus ....................................................... 49
4. Rencana Pelaksanaan Pembelajaran Eksperimen ......................... 50
5. Lembar Kerja Siswa Eksperimen .................................................... 59
6. Rencana Pelaksanaan Pembelajaran Kontrol .................................. 68
7. Lembar Kerja Siswa Kontrol ............................................................ 77
8. Kisi-Kisi Soal ..................................................................................... 83
9. Soal Tes Formatif ................................................................................ 84
10. Foto Penelitian ................................................................................ 89
11. Surat Izin Penelitian ......................................................................... 92
