

ABSTRACT

THE EFFECT OF USING COOPERATIVE LEARNING MODEL OF QUICK ON THE DRAW TYPE ON THE STUDENTS' LEARNING ACHIEVEMENT OF GEOGRAPHY SUBJECT AT SMA ASSALAM TANJUNGSARI IN SOUTH LAMPUNG DISTRICT IN 2014/2015 ACADEMIC YEAR

By

SYAHDA AULIA FATMANINGRUM

This research was aimed at finding out (1) the difference between the students' achievement at class XI Social 1 that used cooperative learning model of quick on the draw type and the students' achievement at class XI Social 2 that used conventional learning model, (2) the difference between the students' achievement at class XI Social 2 that used cooperative learning model of quick on the draw type and the students' achievement at class XI Social 1 that used conventional learning model, (3) the effect of using cooperative learning model of quick on the draw type on the students' learning achievement at class XI Social 1, (4) the effect of using cooperative learning model of quick on the draw type on the students' learning achievement at class XI Social 2 of Geography subject at SMA Assalam Tanjungsari in South Lampung District. Quasi experiment was used in this study. The populations were the students at class XI Social 1 and 2. To analyze the data, T-Test and linear regression analysis were used. The results showed that (1) there was a difference between the students' achievement at class XI Social 1 that used cooperative learning model of quick on the draw type and the students' achievement at class XI Social 2 that used conventional learning model, (2) there was a difference between the students' achievement at class XI Social 2 that used cooperative learning model of quick on the draw type and the students' achievement at class XI Social 1 that used conventional learning model, (3) there was an effect of using cooperative learning model of quick on the draw type on the students' learning achievement at class XI Social 1, (4) there was an effect of using cooperative learning model of quick on the draw type on the students' learning achievement at class XI Social 2 of Geography subject at SMA Assalam Tanjungsari in South Lampung District.

Keywords: cooperative learning model, learning geography achievement, quick on the draw
