3. Keyakinan Konsumen (Attitude) ................................................. 24
4. Sikap Konsumen (Confidence) .................................................. 24
5. Niat Beli (Intention) ................................................................. 25
6. Pembeli Nyata (Purchase) .......................................................... 26
E. Penelitian Terdahulu .................................................................... 28
F. Kerangka Berpikir ........................................................................ 29

BAB III METODE PENELITIAN .................................................. 31
A. Jenis Penelitian .......................................................................... 31
B. Populasi dan Sampel ................................................................... 32
   1. Populasi .................................................................................. 32
   2. Sampel ................................................................................... 32
   3. Teknik Sampling ..................................................................... 34
C. Sumber Data ............................................................................... 34
D. Teknik Pengumpulan Data .......................................................... 35
E. Definisi Konseptual ..................................................................... 36
F. Definisi Operasional ..................................................................... 38
G. Teknik Pengolahan Data ............................................................. 40
H. Teknik Pengujiian Instrumen ....................................................... 41
   1. Uji Validitas ............................................................................ 41
   2. Uji Reliabilitas ....................................................................... 44
I. Teknik Analisis Data ................................................................. 46
   1. Uji Asumsi Klasik ................................................................... 46
      a. Uji Normalitas .................................................................... 46
      b. Uji Multikolinearitas .......................................................... 47
      c. Uji Heterokedastisitas ......................................................... 47
   2. Analisis Regresi Linier Berganda ............................................ 48
   3. Koefisien Determinasi ........................................................... 48
   4. Pengujian Hipotesis ............................................................... 50
      a. Pengujian Hipotesis Secara Parsial (Uji t) ....................... 50
      b. Pengujian Hipotesis Secara Simultan (Uji F) ............... 53
BAB IV HASIL DAN PEMBAHASAN................................................ 56
A. Gambaran Umum ................................................................. 56
B. Karakteristik Responden ..................................................... 59
C. Uji Validitas Dan Reliabilitas ............................................. 61
   1. Uji Validitas ................................................................. 61
   2. Uji Reliabilitas .............................................................. 63
D. Analisis Deskriptif Data Penelitian ................................. 64
   1. Variabel Pesan Iklan ..................................................... 65
   2. Variabel Pengenalan Merek ......................................... 71
   3. Variabel Keyakinan Konsumen .................................... 76
   4. Variabel Sikap Konsumen ............................................ 81
   5. Variabel Niat Beli ......................................................... 85
   6. Variabel Keputusan Pembelian ..................................... 90
E. Analisis Pengaruh X terhadap Y ................................. 94
   1. Pengujian Asumsi Klasik ............................................... 95
      a. Uji Normalitas ......................................................... 95
      b. Uji Multikolinearitas ............................................... 96
      c. Uji Heterokedastisitas ............................................ 97
      d. Hasil Analisis Regresi ............................................... 98
F. Koefisien Determinasi .................................................... 101
G. Hasil Pengujian Hipotesis ............................................... 103
   1. Uji F ............................................................................. 104
   2. Uji t ............................................................................. 106

BAB V KESIMPULAN DAN SARAN........................................ 113
A. Kesimpulan ................................................................. 113
B. Saran ............................................................................. 11
