DAFTAR TABEL

BAB I PENDAHULUAN

A. Latar Belakang Masalah .............................................................................. 1
B. Rumusan Masalah ....................................................................................... 8
C. Tujuan Penelitian ......................................................................................... 8
D. Manfaat Penelitian ...................................................................................... 9

BAB II TINJAUAN PUSTAKA

A. Kinerja ........................................................................................................... 10
   1. Pengertian Kinerja .................................................................................. 10
   2. Kinerja Organisasi Publik .................................................................... 11
   3. Pengukuran Kinerja .............................................................................. 14
   4. Indikator Kinerja ................................................................................... 15
   5. Faktor-faktor yang Mempengaruhi Kinerja ............................................ 22
B. Manajemen Kinerja ..................................................................................... 25
   1. Pengertian Manajemen Kinerja .............................................................. 25
   2. Tujuan dan Manfaat Manajemen Kinerja .............................................. 25
   3. Model Organisasi Manajemen Kinerja .................................................. 27
C. Infrastruktur .................................................................................................. 31
   1. Pengertian Infrastruktur ........................................................................ 31
   2. Jenis-jenis Infrastruktur ......................................................................... 32
D. Kerangka Pikir .............................................................................................. 33

BAB III METODE PENELITIAN

A. Tipe Penelitian .............................................................................................. 36
B. Fokus Penelitian ........................................................................................... 37
C. Lokasi Penelitian .......................................................................................... 38
D. Jenis dan Sumber Data ................................................................................ 39
E. Teknik Pengumpulan Data .......................................................................... 41
F. Proses Pengumpulan Data ............................................................................ 42
G. Teknik Analisis Data ................................................................. 42
H. Teknik Keabsahan Data ........................................................... 44

BAB IV GAMBARAN UMUM
A. Gambaran Kabupaten Tulang Bawang Barat ................................ 50
B. Gambaran Umum Dinas Pekerjaan Umum Kabupaten Tulang
   Bawang Barat ................................................................................ 56

BAB V HASIL DAN PEMBAHASAN
A. Data Hasil Penelitian .................................................................. 61
   1. Produktivitas ............................................................................. 61
      a. Input ...................................................................................... 61
      b. Output .................................................................................... 66
   2. Responsivitas ............................................................................ 76
   3. Responsibilitas .......................................................................... 81
   4. Akuntabilitas ............................................................................ 91
B. Pembahasan .................................................................................. 97
   1. Produktivitas Dinas Pekerjaan Umum Kabupaten Tulang Bawang
      Barat dalam pembangunan Infrastruktur jalan ......................... 98
   2. Responsivitas Dinas Pekerjaan Umum Kabupaten Tulang Bawang
      Barat dalam pembangunan infrastruktur jalan ......................... 99
   3. Responsibilitas Dinas Pekerjaan Umum Kabupaten Tulang Bawang
      Barat dalam pembangunan infrastruktur jalan ....................... 101
   4. Akuntabilitas Dinas Pekerjaan Umum Kabupaten Tulang Bawang
      Barat dalam pembangunan infrastruktur jalan ....................... 102

BAB VI KESIMPULAN DAN SARAN
A. Kesimpulan ............................................................................... 104
B. Saran .......................................................................................... 106
