## I. PENDAHULUAN
- A. Latar Belakang Masalah .................................................................................. 1
- B. Rumusan Masalah ......................................................................................... 5
- C. Tujuan Penelitian .......................................................................................... 5
- D. Manfaat Penelitian ....................................................................................... 6
- E. Ruang Lingkup ................................................................................................ 6
- F. Kerangka Pikiran ............................................................................................ 7
- G. Hipotesis .......................................................................................................... 9

## II. TINJAUAN PUSTAKA
- A. Model Pembelajaran Mind Map .................................................................... 10
- B. Berpikir Kreatif ............................................................................................ 16

## III. METODE PENELITIAN
- A. Tempat dan Waktu Penelitian ...................................................................... 20
- B. Populasi dan Sampel ..................................................................................... 20
- C. Desain penelitian ........................................................................................... 20
- D. Prosedur penelitian ....................................................................................... 21
- E. Jenis dan Teknik Pengambilan Data
  1. Data kuantitatif ........................................................................................... 29
  2. Data kualitatif ............................................................................................... 30
- F. Mendeskripsikan kemampuan berpikir kreatif ........................................... 30
- G. Mendeskripsikan Aktivitas Siswa ................................................................. 31
- H. Teknik Analisis Data ..................................................................................... 34
  1. Uji Normalitas Data ..................................................................................... 34
  2. Kesamaan Dua Varian ................................................................................ 35
  3. Pengujian Hipotesis ..................................................................................... 35
    a. Uji Kesamaan Dua Rata-rata ................................................................ 35
    b. Uji Perbedaan Dua Rata-rata ................................................................. 35

## IV. HASIL PENELITIAN DAN PEMBAHASAN
- A. Hasil Penelitian ........................................................................................... 37
- B. Pembahasan ................................................................................................... 42

## V. KESIMPULAN DAN SARAN
A. Kesimpulan .............................................................................. 48
B. Saran ..................................................................................... 48
