

ABSTRAK

KAJIAN SOSIOLOGIS DETERMINAN ANAK TERLANTAR DI KOTA METRO

Oleh

Septin Patma Wardini

Penelitian ini bertujuan untuk menjelaskan tentang karakteristik individu dan keluarga anak terlantar, kondisi keharmonisan keluarga, kondisi ekonomi dan tingkat pemenuhan kebutuhan keluarga, serta kondisi lingkungan sosial anak terlantar. Penelitian ini dilakukan di Kota Metro dengan metode survei. Sampel penelitian ini berjumlah 50 anak terlantar. Teknik pengumpulan data dilakukan dengan cara menyebar kuesioner, wawancara, dan dokumentasi, sedangkan analisis data dilakukan dengan cara analisis kuantitatif.

Berdasarkan hasil penelitian diketahui bahwa pendidikan anak terlantar umumnya terabaikan, orangtua kurang mendampingi aktivitas sosial anak, serta anak kurang mendapatkan perhatian dan kasih sayang dari orangtua. Kondisi anak terlantar ditandai oleh pola pengasuhan yang salah, kualitas hubungan yang tidak harmonis, serta kurangnya intensitas pertemuan dengan orangtua. Kondisi ekonomi keluarga anak terlantar juga ditandai oleh rendahnya tingkat penghasilan orangtua sehingga kurang mampu membiayai kebutuhan pokok anak dan keluarganya.

Kata kunci: Anak terlantar, Pola asuh, Keharmonisan keluarga.

ABSTRACT

STUDY SOCIOLOGICAL DETERMINANTS WAIF METRO IN THE CITY

By

Septin Patma Wardini

This study aims to explain the nature of individual and family neglected children, the condition of family harmony, economic conditions and levels of family needs, and social environmental conditions of neglected children. This research was conducted in Metro City with a survey method. The research sample consists of 50 neglected children. Data was collected by spread questionnaires, interviews and documentation, while data analysis was done by quantitative analysis.

Based on survey results revealed that the education of neglected children are generally neglected, parents accompany less social activities of children, and children receive scant attention from their parents and love tank. Waif condition characterized by patterns of parenting, quality relationships that are not harmonious, as well as meetings with parents' lack of intensity. Waif family economic conditions are also characterized by low levels of parental income, so less able to finance the basic needs of children and their families.

Keywords: Child neglect, parenting, family harmony.
