DAFTAR GAMBAR ........................................................................................................ iv
DAFTAR TABEL ............................................................................................................ v
DAFTAR LAMPIRAN ..................................................................................................... vi

I. PENDAHULUAN
   A. Latar Belakang ........................................................................................................... 1
   B. Identifikasi Masalah ............................................................................................... 4
   C. Batasan Masalah ...................................................................................................... 5
   D. Rumusan Masalah .................................................................................................. 5
   E. Tujuan Penelitian .................................................................................................. 6
   F. Manfaat Penelitian ................................................................................................ 6

II. TINJAUAN PUSTAKA
   A. Belajar dan Pembelajaran .................................................................................... 10
   B. Belajar Gerak ........................................................................................................ 29
   C. Keterampilan Gerak ............................................................................................. 34
   D. Metode Pembelajaran Bagian ............................................................................. 35
   E. Metode Pembelajaran Keseluruhan .................................................................... 37
   F. Pendidikan Jasmani ............................................................................................. 38
   G. Tenismeja ............................................................................................................... 40
   H. Kerangka Berpikir ............................................................................................... 49
   I. Hipotesis ................................................................................................................ 52

III. METODOLOGI PENELITIAN
   A. Metode Penelitian .................................................................................................. 54
   B. Populasi dan Sampel ........................................................................................... 56
   C. Variabel Penelitian ............................................................................................... 57
   D. Definisi Operasional Variabel ............................................................................ 58
   E. Rancangan Penelitian .......................................................................................... 59
   F. Teknik Pengumpulan Data .................................................................................. 60
   G. Instrumen Penelitian ............................................................................................ 60
   H. Teknik Analisis Data ............................................................................................ 61
IV. HASIL DAN PEMBAHASAN

A. Hasil Penelitian ................................................................. 69
   1. Deskripsi Data................................................................. 69
   2. Analisis Ujicoba Instrumen ........................................ 71
   3. Analisis Uji Prasyarat .................................................. 72
   4. Analisis Uji Hipotesis .................................................... 74
B. Pembahasan ....................................................................... 76

V. KESIMPULAN DAN SARAN

A. Kesimpulan ....................................................................... 80
B. Saran ................................................................................ 80
