III. METODOLOGI PENELITIAN

A. Metode Penelitian ................................................................. 25
B. Populasi dan Sampel ............................................................. 26
   1. Populasi ............................................................................. 26
   2. Sampel ............................................................................. 27
C. Variabel Penelitian ............................................................... 28
D. Defenisi Operasional ............................................................... 28
E. Teknik Pengumpulan Data .................................................... 30
   1. Observasi .......................................................................... 30
   2. Wawancara ....................................................................... 30
   3. Dokumentasi ..................................................................... 30
   4. Kuesioner .......................................................................... 31
F. Uji Persyaratan Instrumen ..................................................... 31
   1. Uji Validitas Angket ............................................................ 31
   2. Uji Realibilitas Instrumen ..................................................... 32
H. Uji Analisis Data ................................................................. 33
   1. Uji Normalitas .................................................................. 33
   2. Uji Homogenitas ............................................................... 33
I. Uji Persyaratan Regresi Linier ............................................... 34
   1. Uji Linier Garis Regresi ........................................................ 34
   2. Uji Multikolinearitas ............................................................ 34
   3. Uji Autokorelasi ................................................................. 35
   4. Uji Heteroskedasticitas ......................................................... 35

IV. HASIL PENELITIAN DAN PEMBAHASAN

A. Gambaran Umum Lokasi Penelitian ...................................... 36
   1. Identitas Sekolah ............................................................... 36
   2. Visi Misi SMP Negeri 1 Way Tenong Lampung Barat ............ 37
   3. Kegiatan Belajar Mengajar .................................................. 37
   4. Potensi Sekolah ................................................................. 38
   5. Jenis Kegiatan ................................................................. 38
   6. Hubungan Masyarakat ......................................................... 39
B. Deskriptif Data ................................................................. 39
   1. Kondisi Keluarga (X₁) .......................................................... 40
   2. Lingkungan Sekolah (X₂) ..................................................... 43
   3. Kepatuhan Akan Tata Tertib (Y) ......................................... 46
C. Hasil Uji Persyaratan Regresi Linier Ganda ......................... 49
   a. Uji Normalitas ................................................................. 49
   b. Uji Homogenitas ............................................................... 50
D. Uji Persyaratan Analisis Garis Regresi Ganda ....................... 51
   a. Uji Linieritas Garis Regresi ............................................... 51
   b. Uji Multikolonieritas .......................................................... 52
   c. Uji Autokorelasi .............................................................. 54
   d. Uji Heteroskedasticitas ....................................................... 55
### E. Pengujian Hipotesis

1. Hipotesis Parsial ................................................................. 57
2. Pengujian Hipotesis Secara Simultan .................................... 60

### F. Pembahasan ................................................................. 62

1. Pengaruh Kondisi Keluarga (X<sub>1</sub>) ............................ 62
2. Lingkungan Sekolah (X<sub>2</sub>) ............................................ 63
3. Peningkatan Akan Tata Tertib Sekolah (Y) ........................... 65

### V. KESIMPULAN DAN SARAN

A. Kesimpulan ........................................................................ 79
B. Saran .................................................................................. 80
