

ABSTRACT

INFLUENCE THE EFFECTIVENESS PROGRAM SCHOOL OPERATIONAL ASSISTANCE OF JUNIOR SECONDARY SCHOOL EDUCATION QUALITY IN THE CITY OF BANDAR LAMPUNG

By

ANDI MULYA

Program effectiveness is measured against objectives that have been in set. Effective programs can be said if the output is equal to or in accordance with the objectives that have been set. Program School Operational Assistance in its implementation have the goal of improving the quality of education that can be seen from the availability of facilities and quality infrastructure, quality of staff and a good learning process.

This research is intended to measure how much influence the effectiveness of the Program School Operational Assistance of educational quality Secondary School in the city of Bandar Lampung.

Primary data obtained through questionnaires given to respondents Program School Operational Assistance managers junior level using cluster random sampling technique.

Distribution of clusters found in three districts in the city of Bandar Lampung districts which are grouped by categories namely regional poverty, West Teluk Betung District, Kedaton District and Center Tanjung Karang District with 35 samples of Secondary School.

To determine the magnitude of the Program School Operational Assistance effectiveness of the quality of school education is used Simple Linear Regression analysis or Singles by using SPSS program. Ver. 14.0.

Research results show that, the amount of regression (test-t) t value calculated for the Program School Operational Assistance effectiveness is greater than 2.740 t table 2.035 with a significance value of 0.010 and degrees of freedom (df) for $df = n - k - 1$ or $35 - 1 - 1 = 33$ and the value of R Square (R^2) of 0.185. This shows that the magnitude of the Program School Operational Assistance effectiveness influence the quality of school education for 18.5%, which means that 81.5% of the financing components of the Program School Operational Assistance has not allocated to improving the quality of school education in the city of Bandar Lampung.
