Saya Jeko:

Pada setiap kesempatan datang ke Lampung, yg pertama kali saya booking adalah hotel Sheraton Lampung. Karena saya sudah akrab dengan situasi dan pegawai dihotel ini. Saya sering rindu dengan suasana dan keakraban dihotel ini., karena pada waktu 3th dinas di Bd-Lampung, saya sering main kehotel ini: untuk makan, olah-raga, dan menikmati musik.

Pujian khusus harus diberikan kepada staf Heni dan Yuli, mereka benar-benar membuat hotel itu menjadi luar biasa.

**“Hotel ini memiliki nyawa yang sesuai dengan jumlah bintang yang dimilikinya - Terbaik di lampung”**

Diulas pada Agustus 11, 2012

Terbaik di Lampung.

Meski dibandingkan dengan hotel-hotel di kota yang lebih besar, aku yakin Sheraton Lampung akan ada dalam daftar hotel-hotel terbaik. Hotelnya tidak mewah luar biasa, tapi nuansanya bagus dan menenangkan.

Pertama, hotel ini dibangun di lahan yang luas. Mebel dan kerajinan kayu akan menyambutmu di pintu masuk.

Sebuah aula besar dengan satu bar dan beberapa set meja di area lobi. Bagus.

Kamarnya bagus, tapi yang paling menarik dari hotel ini adalah kolam renangnya. Indah. Kurasa ada dua pilihan kamar. Dengan pemandangan taman dan dengan pemandangan kolam renang. Dengan pemandangan kolam renang yang BAGUS!

Kamarnya memiliki koneksi internet yang bagus tapi kau harus meminta kabel agar dapat menggunakannya. Jaringan internet dikenakan biaya tambahan, tapi tidak besar, \$10 per hari.

Hidangan dan pilihan menu sarapannya juga sangat enak.

Area restoran ditempatkan dengan baik, kau bisa memandang kolam renang.

Tempat peristirahatan yang indah. Layak dengan nilai uang yang dikeluarkan.

Saya melakukan kunjungan bisnis dan menginap di hotel.

Mereka mengantar kami ke hotel dan membantu kami menemukan layanan medis yang tepat.

Saya punya kendala untuk pergi ke rumah sakit, tetapi Front Office Manager terus menemani dan mendampingi saya. Ia juga mengatur transportasi ke hotel.

Saya kagum dengan keramahannya selama menjalani perawatan medis dan merasa sudah melakukan pilihan yang tepat dengan menginap di hotel tersebut.

Saya akan kembali menginap di tempat ini kalau ada kesempatan untuk datang lagi.

**“Hotel dengan Lokasi Buruk dan Pelayanan kurang baik”**

Diulas pada Desember 18, 2011

Saya stay di hotel ini, 17-18 Desember 2011. Saya booking hotel via webiste starwood.com karena saya adalah member dari SPG. Saya book 30 hari sebelumnya.

Sehari sebelum berangkat, saya konfirmasi ke bagian reservasi, ternyata reservasi saya tidak ada, dan bagian reservasi tidak berusaha mencari dan menyelesaikannya.

Baru sejak saya kirim dan forward e-mail konfirmasi dari starwood ke Manager, saya mendapatkan konfirmasi.

Kali ini bukan pertama saya ke Lampung, tapi ini pertama kalinya saya menginap di Sheraton Hotel Bandar Lampung, dan mungkin yang terakhir.

Saya pun juga konfirmasi penjemputan dan drop ke airport, dan konform dengan harga 70rb per way.

Saat malam harinya, akan mandi, saya mendapatkan shower airpanas tidak berfungsi.

Esok harinya 18 Dec 2011, saya sarapan pagi jam 8.30. Dengan kondisi restoran ramai, sampai saya susah mencari tempat duduk, setelah saya perhatikan, ternyata jumlah tempat duduknya pun sedikit sekali. Makanan pun juga sebagian sudah habis. Jumlah pilihan menu yang standard, sangat kurang pilihan dan rasa buat standard Sheraton.

Sebelum saya check out, saya konfirmasi untuk drop ke airport pada jam 1 siang. Sesudah saya check out, saya harus menunggu sampai jam 2 untuk menunggu mobil yang mengantarkan ke airport. Dan ternyata saya tidak kena charge Rp.70,000 tetapi Rp.120,000.

Dan lebih parahnya lagi, ternyata pihak hotel men-sub kan mobil dan supir ke pihak ketiga, karena mobil berbeda dari saat penjemputan dari airport dan juga supir dengan pakian lusuh tidak menggunakan seragam hotel Sheraton. Saya berfikir, mungkin hotel kehabisan mobil sehingga di sub kan ke orang lain, dan saya mendapatkan charge lebih mahal. Setelah saya perhatikan juga, lokasi Sheraton ini juga buruk, tidak strategis di daerah perumahan penduduk. dengan view yang kurang menarik.

Buat anda mungkin harus berpikir lagi 1000x menginap disini, kalau untuk lokasi di city center banyak hotel yang lebih baik, jika ingin ketenangan bisa dicoba di Hotel Novotel dengan view laut yang lebih menarik. Dan tentu saja dengan harga yang lebih murah.

Jujur saya menyesal menginap di Sheraton Hotel Bandar Lampung. Sorry to say, dan finally mood saya menjadi buruk disaat saya harus berlibur di Bandar Lampung.

“Decent, but....”

Diulas pada Desember 10, 2012

For a Sheraton property, I was surprised it was not handicap friendly. Fortunately, I am not a handicap, but I would shudder to think what happens to handicapped customers. There is a good flight of 10-12 steps from the car porch to the reception, and if they are short of bellboys, there is a serious issue of hauling the suitcases up. The lobby is full of split levels. Then if you are given a room at the ground floor, you need to climb down again. Rooms

are just average and one has to walk a lot. Breakfast is good, and the staff are very friendly which makes up to some extent. Nice ambience.

**Tips Kamar:** Ask for a room on the level of the Lobby itself, if you wish to avoid endless ups and downs and walk...

I do not scrutinize well, maybe there are some pitfalls but the good things are everywhere. Looking forward to the future stay.

When I am done with the business works in Lampung, I long to get enwrapped in a cozy dwelling which I can call home. In Sheraton Lampung for many years I have been coming back here despite of the fast development and emerging of other staying accomodations, as nothing can compare to the personal genuine services as given by the hotel staffs. The uniquely architecture with ethnic touch differentiates my stay in Sumatra from just the other tall concrete hotels found in any big cities.

**Tips Kamar:** All of the rooms are excellent!

Stayed here twice this year for a work related travel. Like any other Sheraton hotel, this hotel has its own charm. The front desk staffs are very nice and helpful.

The room however, need some improvement. During my 2nd stay in deluxe room, the hot water was barely running.

The breakfast was good. It served Indonesian and western food.

**“Kind, cute and comfortable”**

Diulas pada November 23, 2012

Conveniently located, this hotel offers quiet, comfortable rooms and a staff that is second to none. The pool and outdoor dining area are relaxing, and the sorrounding vegetation gives it a soothing, oasis-type effect. I found the food options to be good, and thoroughly enjoyed the bar area and the live music. There is a nice fitness room (open all day, unlike the competition) and sauna and the "spa staff" is attentive to your needs. The sales team and people at the front desk could not be more nice & helpful; I can still see their smiling faces.

Thank you Sheraton Lampung! Hope to see all of you again. Harland D

**“An old world charm, needs some upgradation”**

Diulas pada November 21, 2012

It's a nice and old property nestled just out of the city centre. Architecture looks distinct Dutch with a rainforest type of theme when you are going towards the room. The lobby is huge and houses a coffee shop where they serve you almost everything. The staff at the reception were very helpful and would go an extra mile to please you.

The rooms were quite decent and had everything which one may require. The bathrooms again were of adequate size although the bath area seemed a bit cramped. However, the shower was quite strong and relaxing. The beds again were quite comfortable, not very soft. My package included free wireline Internet, which was non functional. When I asked the front office about this, I was told that the IT guy had already left for the day and she would have it restored the next day. This was very surprising. Moreover, a 5 star hotel should be providing wireless access, not a wireline in this age.

I dined once at the Pandanwangi restaurant and the food was ok. Being an international chain, they should cater with a few more option cuisine to cater to the diverse international clients.

**“Good Place to Stay”**

Diulas pada Oktober 21, 2012

I have been back to this hotel many times in the past few years. My parents took me here for a family trip to visit some relatives when I was in my teens.

This is a nice old hotel with beautiful lobby in traditional Indonesian Architecture. Rooms are recently renovated, ground and garden area are well kept, however, the tennis courts need maintenance.

The front desk reception staff, Widia Sari, was helpful and friendly. Breakfast is adequate for Lampung standard.

If you are looking for a nice, relaxing resort hotel, this place is an excellent choice.

**Tips Kamar:** Rooms facing pool are more desirable.

Diulas pada Juli 6, 2012

I came here in June 2012 with the big family. We arrived in the middle of the night so it was understood there was no staffs in the lobby. So we carried our luggage by ourselves. But later, the staff was very helpful when there was confusion and luggage mixed-up. One by one he putted the luggage to the right room (we ordered 7 rooms). I thought it was really tiring as well for him as there was only stairs :D So thank you so much.

The room was nice; I could see the pool from my window. The breakfast was great; you can find anything you want, a five-star accommodation. After breakfast, we enjoyed conversation in the side of the pool which is very quiet and relaxing. Good place to stay.

I was stay in Sheraton Lampung for business trip. The hotel staffs are very friendly and helpful. Nice swimming pool and recently renovated dinner area are most suitable for families to spend their holidays. The Bandar Lampung may not be famous town in Indonesia but Sheraton Lampung served nice and wonderful moment when you stay there. The free internet to all guests will be more convenient for internet users during their business or holidays moment at Sheraton Lampung.

**Tips Kamar:** If like to swimming, chose the ground floor to easy access to pool or asked for the pool view.

We've been there for a long weekend and we had a great time; the hotel staff was very friendly and helpful, like in all SPG hotel chain; very nice facilities and quite wide variety of food; Saturday buffet was great. Lampung it worth to go, there are nice beaches and islands, some good Sea food restaurants. But anyway, if you go there, Sheraton is a good choice.

Lampung may not be the most exciting town in Indonesia, but the Sheraton made it feel almost like Bali :) The property is resort-like with a nice swimming pool and courtyard. The restaurant was good but the highlight was the bakery. The desert selection and quality way above expectations,

The hotel staff were superb even by the standards of good properties in Indonesia.

Do note that the airport is almost an hour away from the hotel so plan accordingly. The hotel offers pickup for a charge, call ahead to schedule. There is also a small Sheraton lounge at the airport.

**“Very good hotel in Lampung”**

Diulas pada April 30, 2012

Our group took in around 12 rooms between 5 days to 1 week on business starting April 23 (some arrived 1-2 days after) onwards. The facilities were quite good, the atmosphere was spacious. Breakfast was adequate, although considering we stayed for 5 days, the choices became monotonous. The inroom internet was not free, although some were given free internet because they insisted due to the amount of rooms we got, and some were club members. I didn't bother because my room was close enough to get free wifi signal from the restaurant.

The front desk personnel had very good grasp of english, which is a plus. Although when I checked in, I was told the exchange rate was 9000/US\$ but upon check out, it was only 8,500 something. I don't know if rates fluctuate this much.

This was a nice hotel for staying in Bandar Lampung. The staff were courteous and quickly caught on to your name, which was a wonderful expression of welcome.

The restaurant was undergoing renovation so all meals were served at the pool area which was a pity, as I couldn't experience for myself what dining there was like.

The premises was fairly big which was to be expected for a 5-star hotel but the neighbourhood was grimey and wasn't what I expected. I must remember to lower my expectations somewhat next time I book a 5 stay stay.

Had a really wonderful time due to the renovation of the hotel which was previously rather worn. The staff were excellent, well-groomed, very friendly and took care of the kids at breakfast and when coming from the swimming pool to the dining tables Excellent value considering the tranquility and quietness of the hotel.

Only quibble would be the lack of variety for an evening meal. Perhaps management may also want to put on some events over the weekend such as a barbeque or a particular country's fare once in a while.

**Tips Kamar:** Try and become a Starwood Preferred Guest to get additional benefits whilst staying at the hotel.

When i first came to Lampung in December 2010, i stayed at the Sheraton and was slightly disappointed.

Being a Starwood client, i wanted to try again and i am pleased i did. Some major improvements to be mentioned such as the breakfast. Good variety, good and tasty dishes: really enjoyable to start the day! I have also noticed some new details in the lobby which make a real difference! Seems like the hotel is now alive.

I'll be back there within 6 months and look forward to seeing more of those changes...

Seems like they successfully improve this hotel. Nice and pleasant staff, room design and function is very cozy. Well, maybe the only lack things at room is lighting; since there will be not enough light if you'd like to read for a bit long. The bed is nice too, it makes our sleep really comfortable. In room service is really fast, and restaurants in the hotel provide various delicate foods. Their spread for breakfast also complete and delicious. And, when it came to airport, they'll provide a transportation for you with an affordable price (cheaper from taxi service from airport to hotel if you're travelling alone). Overall, really satisfied with this hotel. I'll definitely go back there.

**Tips Kamar:** Choose 2nd or 3rd floor room with view to the pool

Diulas pada Juni 12, 2009

In writing this review I am aware that the information I'm communicating may seem unbelievable. For that reason (or should you require further details), please feel free to contact me.

Succinctly stated, while relaxing at the Sheraton Lounge at the Bandar Lumpung Airport, the Sheraton representative regaled me with a story of his night time exploits in a VERY graphic manner with accompanying lewd gesticulations.

I communicated the events to the Starwood (Sheraton's parent company), who after over a month (and two reminder emails), informed me they were unable to find evidence of what had transpired. A phone call that had been initially promised never transpired.

As an aside, I am a former lawyer so I understand the concepts underpinning the law of defamation. Truth is one defence...

I am not allowed to communicate full details in this forum because of the grotesque nature of the behavior that took place. Again, please feel free to contact me for specifics or confirmation.

This hotel is the best in the city and feels like a bit of an oasis from the uncomfotableness of an average Sumartran city.

The open - air lobby is beautiful and decorated with local textiles and crafts.

Sitting in the lobby at happy hours whilst local musicians played traditional instruments was an un-forgettable experience

As well the guest rooms have recently been refurbished and are very stylish.

The pool and landscaping are also very pleasant.

The service was impeccable and our room service orders tasty and served promptly.

**Disukai** — Thr room and the service

**Tidak disukai** — The gym attendant was a little abrupt.
