DAFTAR GAMBAR ........................................................................................................... vii

I. PENDAHULUAN

A. Latar belakang ............................................................................................................. 1
B. Rumusan masalah ....................................................................................................... 5
C. Tujuan penelitian ......................................................................................................... 5
D. Manfaat penelitian ...................................................................................................... 5
E. Ruang lingkup penelitian ............................................................................................ 6

II. KERANGKA TEORITIS

A. Tinjauan Pustaka ........................................................................................................ 8
   1. Minat belajar ............................................................................................................ 8
   2. Aktivitas .................................................................................................................. 10
   3. Pendekatan konstruktivisme .................................................................................. 12
   4. Siklus belajar .......................................................................................................... 13
   5. Pembelajaran kooperatif STAD .......................................................................... 18
   6. Hasil belajar .......................................................................................................... 19

B. Kerangka pemikiran ................................................................................................. 23
C. Hipotesis tindakan ..................................................................................................... 26

III. METODE PENELITIAN

A. Subjek penelitian ....................................................................................................... 27
B. Setting penelitian ....................................................................................................... 27
C. Faktor yang diteliti....................................................................................................... 27
D. Prosedur penelitian .................................................................................................... 28
   1. Perencanaan tindakan ............................................................................................ 28
   2. Pelaksanaan tindakan ............................................................................................ 29
IV. HASIL PENELITIAN DAN PEMBAHASAN

A. Hasil penelitian ................................................................. 39

1. Siklus I .............................................................................. 39
   a. Perencanaan ............................................................... 39
   b. Pelaksanaan ............................................................... 40
   c. Observasi ................................................................. 42
      1) Hasil observasi minat siswa ..................................... 42
      2) Hasil observasi aktivitas siswa ................................. 44
      3) Hasil observasi hasil belajar siswa ......................... 44
         a) Data kognitif siswa ............................................. 45
         b) Data afektif siswa ............................................. 45
         c) Data psikomotor siswa ....................................... 46
      4) Hasil observasi pengelolaan pembelajaran ............. 47
   d. Refleksi dan rekomendasi .......................................... 48
      1) Refleksi siklus I ...................................................... 48
      2) Rekomendasi perbaikan siklus II ........................... 49

2. Siklus II ............................................................................. 50
   a. Perencanaan ............................................................... 50
   b. Pelaksanaan ............................................................... 50
   c. Observasi ................................................................. 53
      1) Hasil observasi minat siswa ..................................... 53
      2) Hasil observasi aktivitas siswa ................................. 54
      3) Hasil observasi hasil belajar siswa ......................... 55
         a) Data kognitif siswa ............................................. 55
         b) Data afektif siswa ............................................. 56
         c) Data psikomotor siswa ....................................... 56
      4) Hasil observasi pengelolaan pembelajaran ............. 57
   d. Refleksi ................................................................. 58
      1) Refleksi siklus II ...................................................... 58
B. Pembahasan .................................................................................................................................. 59
   1. Deskripsi minat siswa ................................................................................................................. 59
   2. Deskripsi aktivitas siswa ............................................................................................................. 61
   3. Deskripsi hasil belajar siswa ........................................................................................................ 63
   4. Deskripsi pengelolaan pembelajaran .......................................................................................... 65

V. SIMPULAN DAN SARAN
   A. Simpulan ..................................................................................................................................... 69
   B. Saran .......................................................................................................................................... 70
