## I. INTRODUCTION

1.1 Background of the Research ..................................................... 1
1.2 Identification of the Problems .................................................. 6
1.3 Formulation of the Problems .................................................... 7
1.4 Objectives of the Research ....................................................... 7
1.5 Uses of the Research ............................................................... 7
1.6 Scope of the Research ............................................................. 8
1.7 Definition of Terms ................................................................. 8

## II. FRAME OF THEORIES

2.1 Concept of Writing ................................................................. 10
   2.1.1 Elements of Writing ............................................................ 11

   2.1.4 Teaching Writing .............................................................. 15
2.2 Paragraph Writing ..................................................................... 16
2.3 Concept of Picture Series ....................................................... 22
2.4 Concept of Analytical Exposition Text .................................... 25
2.5 Procedure of Applying Picture Series in Teaching Analytical Exposition
Text ................................................................. 27
2.6 Theoretical Assumption .................................................. 28
2.7 Hypotheses ................................................................. 29

III. RESEARCH METHOD
3.1 Research Design .......................................................... 30
3.2 Population and Sample .................................................. 31
3.3 Instrument of the Research .......................................... 32
3.4 Research Procedures .................................................... 32
3.5 Validity of the Research ................................................ 33
3.6 Reliability of the Research ............................................ 37
3.7 Scoring System ............................................................. 37
3.8 Data Analysis ............................................................... 38
3.9 Hypothesis Testing ........................................................ 39

IV. RESEARCH FINDING AND DISCUSSION
4.1 Description of the Research ........................................... 40
4.2 Result of the Research .................................................... 41
4.3 Hypothesis testing ......................................................... 46
4.4 Discussion ................................................................. 47

V. CONCLUSION AND SUGGESTION
5.1 Conclusion ................................................................. 49
5.2 Suggestion ................................................................. 50
