DAFTAR LAMPIRAN........................................................................................ xii

I. PENDAHULUAN
A. Latar Belakang Masalah.............................................................................. 1
B. Identifikasi Masalah................................................................................... 7
C. Pembatasan Masalah.................................................................................. 7
D. Rumusan Masalah...................................................................................... 8
E. Tujuan dan Kegunaan................................................................................. 8
  1. Tujuan Penelitian.................................................................................... 8
  2. Kegunaan Penelitian.............................................................................. 8
     a. Kegunaan Teoritis.............................................................................. 8
     b. Kegunaan Praktis............................................................................ 9
F. Ruang Lingkup Penelitian.......................................................................... 9
  1. Ruang Lingkup Ilmu.............................................................................. 9
  2. Ruang Lingkup Objek.......................................................................... 9
  3. Ruang Lingkup Subjek....................................................................... 9
  4. Ruang Lingkup Waktu..................................................................... 10
  5. Ruang Lingkup Wilayah..................................................................... 10
II. TINJAUAN PUSTAKA
A. Deskripsi Teori................................................................. 11
   1. Pengertian Persepsi........................................................ 11
   2. Pengertian Masyarakat Lampung pesisir.......................... 15
   3. Persepsi Masyarakat.................................................. 18
   4. Tinjauan Tentang Perubahan tata nilai.............................. 19
      a. Pengertian Perubahan.............................................. 19
      b. Pengertian, Ciri-ciri Tata Nilai................................. 19
      c. Macam-macam Tata Nilai........................................ 25
   5. Perubahan Tata Nilai.................................................. 31
      a. Faktor-faktor yang menyebabkan perubahan tata nilai..... 31
      b. Faktor-faktor yang mempengaruhi perubahan tata nilai..... 33
      c. Bentuk-bentuk perubahan nilai pancasila........................ 35
   6. Pengertian Lingkungan Sosial........................................ 37
B. Kerangka Pikir.............................................................. 41

III. METODOLOGI PENELITIAN
A. Metode Penelitian.......................................................... 42
B. Populasi dan Sampel...................................................... 43
   1. Populasi........................................................................ 43
   2. Sampel......................................................................... 44
C. Variabel Penelitian dan Definisi Oprasional.......................... 45
   1. Variabel Penelitian.......................................................... 45
   2. Definisi Operasional....................................................... 45
   3. Rencana Pengukuran....................................................... 46
D. Teknik Pengumpulan Data.................................................. 46
   1. Angket/Kuesioner.......................................................... 46
   2. Teknik Penunjang............................................................ 47
      a. Wawancara................................................................. 47
      b. Observasi.................................................................. 48
      c. Dokumentasi.............................................................. 48
E. Uji Validitas dan Uji Reliabilitas .......................................... 48
   1. Uji Validitas................................................................. 48
   2. Uji Reliabilitas Angket.................................................... 49
F. Teknik Analisis Data.......................................................... 50

IV. HASIL PENELITIAN DAN PEMBAHASAN
A. Langkah-Langkah Penelitian............................................... 52
   1. Persiapan Pengajuan Judul............................................... 52
   2. Penelitian Pendahuluan................................................... 53
   3. Pengajuan Rencana Penelitian........................................... 53
4. Pelaksanaan Penelitian.............................................................. 54
B. Gambaran Umum Lokasi Penelitian........................................ 61
1. Sejarah Desa Hanakau Kecamatan Sukau
   Kabupaten Lampung Barat ................................................... 61
2. Sarana dan Prasarana yang Ada di Lingkungan
   Desa Hanakau........................................................................ 61
3. Struktur organisasi pemerintahan desa Hanakau..................... 63
C. Deskripsi Data......................................................................... 64
   1. Pengumpulan Data.............................................................. 64
   2. Penyajian Data................................................................. 64
      a. Penyajian Data indikator pemahaman............................... 64
      b. Penyajian Data indikator tanggapan................................. 69
      c. Penyajian Data indikator harapan .................................... 75
C. Pembahasan............................................................................ 81

V. KESIMPULAN
A. Kesimpulan........................................................................... 86
B. Saran .................................................................................... 87
