By

Hendri Pratama

The completion of juvenile criminal case in restorative justice can be done in various way, one of the completion is using Megow Pak Tulang Bawang custom. The problem in this research divided into: how is the completion process of juvenile criminal case using Megow Pak Tulang Bawang Lampung Custom and what is the completion process of juvenile criminal case using Megow Pak Tulang Bawang Lampung Custom has been suitable with restorative Justice Principal and the last, why the completion using Megow Pak Tulang Bawang custom rarely used in the completion of juvenile criminal case.

This research was using juridical normative approach and juridical empirical approach by using primary data that obtainable from interviews and secondary data that obtainable from various sources that has related with problems.

The results of research, in the completion process of juvenile criminal case using Megow Pak Tulang Bawang Lampung Custom, there are several stages and the completion of juvenile criminal case using Megow Pak Tulang Bawang Lampung Custom has been suitable with restorative justice principal because in the settlement, involving all stakeholder and using penal mediation that was form of restorative justice. There are several reason the completion of juvenile criminal case using Megow Pak Tulang Bawang custom rarely used, that are: the society is not homogenous anymore, there are no strict rules that recognizes the unity of customary law, and sometimes the authority is taken by law enforcement officers contrary with customary law of Megow Pak .

Suggestions in this research is the completion of juvenile criminal case using Megow Pak Tulang Bawang Lampung custom can be taken as alternative completion by the law enforcement officers in juvenile criminal case completion and also it can be taken as government consideration in formulating the new rules (*Ius constituendum*).

Key words: juvenile criminal cases, Lampung custom, restorative justice.
