(Study in Kelurahan Panjang Selatan Kecamatan Panjang)

The problem of prostitution in the city of Bandar Lampung condition was very poor, the closure of the localization by the City of Bandar Lampung which refers to Regulation No. 15 of 2002 on the prohibition of acts of prostitution and prostitutes in the city of Bandar Lampung, have not been able to resolve the issue. Judging from the number of free sex among the community and the level of disease Acquired Immune Deficiency Syndrome (AIDS), the authors are interested in doing a direct review at the Department of Social Bandar Lampung.

This study focuses on the problems of implementation of the Regional Regulation No. 15 of 2002 on the Prohibition of Prostitution and Immoral Acts in the region of Bandar Lampung, especially in Sublength uncover this problem, researchers use the theory of implementation belongs to George C. Edward III. This research is a descriptive study with a qualitative method approach.

Communication in policy implementation actions prohibition of prostitution and prostitutes in the city of Bandar Lampung has been running well, but are less effective. Communication that exist here implemented gradually between Social Services, Civil Service Police Unit and the people in Bandar Lampung and disposition in the implementation of the Prohibition act of prostitution and prostitutes in the city of Bandar Lampung is quite good. But do not avoid the obstacles that must be overcome by the related parties. In this case means the support of the community around the former localization likely to be an obstacle in implementing the policy process themas desired by policy makers. And a bureaucratic structure in the implementation of the Prohibition act of prostitution and prostitutes in the city of Bandar Lampung can be seen in indicator Standard Operating Procedure (SOP) and indicators fragmentasi.
