

With hope blessing and guidance of Allah SWT, I would like to present my undergraduate thesis to:

My greatest parent, Purnomo and Alam Pasti

"There aren't enough words in the world to express my appreciation, but I think this is a good start. Mom and Dad, you've been the best, I am nothing without love and support from both of you. Mom, you are the most incredible people I ever know, I always say I'm strong but deep down inside I know that I can never be as strong as you. Thanks for everything. Dad, thank you for showing me what hard work looks like. For showing me that nothing comes easy, and that countless hours of blood, sweat and tears really does pay off. Even though you are no longer here but I know you are smiling up there by seeing me achieved my ultimate achievement. As I'm growing up, I realize just how much Mom and Dad did for me. And for that, I need to truly thank you. So this is for you guys. I love you Mom and I miss you Dad."

For my brother Anggiat Genta Saputa and my sister in law Endriyana Titi Sari

"Thank you for all support since I still a little girl until now I have a title behind my name. I am trying my best to make both of you proud."

My lovely niece, Balqis Septiara Putri

"Thank you for your existence. You're one of the reason why I have to finish this undergraduate thesis, graduate and get a job. I love you, kid."

Myself,

"Thank you for your ignorance to all the distract things, beat the feel of laziness, heal the pain of being ignored, hold on when feeling down, cheer up when get disappointed. Here is your ultimate achievement. Remember, the future doesn't wait. Make more money, get a better job, and improve life with a higher education degree."
