I. PENDAHULUAN
   A. Latar Belakang .................................................................1
   B. Identifikasi Masalah ..........................................................8
   C. Pembatasan Masalah ..........................................................9
   D. Rumusan Masalah ............................................................9
   E. Tujuan Penelitian dan Kegunaan Penelitian ........................9
      1. Tujuan Penelitian ............................................................9
      2. Kegunaan Penelitian .......................................................10
   F. Ruang Lingkup Penelitian ..................................................10
      1. Ruang Lingkup Ilmu .......................................................10
      2. Ruang Lingkup Subjek Penelitian .....................................10
      3. Ruang Lingkup Objek Penelitian .....................................11
      4. Ruang Lingkup Wilayah Penelitian ...................................11
      5. Ruang Lingkup Waktu Penelitian .....................................11
II. TINJUAN PUSTAKA
   A. Deskripsi Teori ...............................................................12
      1. Hasil Belajar PKn .........................................................12
         a. Hakekat Belajar .......................................................13
         b. Hasil Belajar ............................................................16
c. Hasil Belajar PKn .......................................................... 18
2. Model Pembelajaran Kooperatif ........................................... 23
   a. Pengertian Model Pembelajaran ..................................... 23
   b. Model Pembelajaran Kooperatif .................................... 25
   c. Teori Cooperative Learning ........................................... 29
   d. Tujuan Cooperative Learning ....................................... 32
3. Model Pembelajaran Kooperatif Tipe TSTS ............................. 34
   a. Definisi ........................................................................ 34
   b. Ciri-ciri Model Kooperatif Tipe TSTS ............................. 37
   c. Tujuan Model Kooperatif Tipe TSTS ............................... 37
   d. Langkah-langkah Model Kooperatif Tipe TSTS ............... 38
B. Peneletian Relevan .......................................................... 44
C. Kerangka Pikir .................................................................. 45
D. Hipotesis .......................................................................... 48

III. METODOLOGI PENELITIAN
   A. Rancangan Peneletian .................................................... 49
   B. Populasi dan Sampel ..................................................... 51
      1. Populasi ...................................................................... 51
      2. Sampel ...................................................................... 51
   C. Variabel Penelitian ....................................................... 51
   D. Definisi Operasional Variabel ......................................... 52
   E. Gambaran Alur Penelitian ............................................. 53
   F. Desain Penelitian .......................................................... 54
   G. Teknik Pengembangan Instrumen ................................... 56
   H. Teknik Pengumpulan Data ........................................... 62
   I. Teknik Analisis Data ...................................................... 63
   J. Prosedur Pelaksanaan Penelitian ................................... 68
   K. Indikator Keberhasilan .................................................. 70

IV. HASIL PENELITIAN DAN PEMBAHASAN ............................... 72
   A. Analisis Data Uji Coba Instrumen ................................... 72
   B. Analisis Data Hasil Penelitian ....................................... 76
   C. Pembahasan Hasil Penelitian ........................................ 86
   D. Keterbatasan Penelitian ............................................... 88
   E. Rekomendasi .............................................................. 88

V. KESIMPULAN DAN SARAN .................................................. 90
   A. Kesimpulan .................................................................. 90
   B. Saran ......................................................................... 90
