

## **ABSTRACT**

### **GOVERNMENT AUTHORITY IN THE VILLAGE COMMUNITY EMPOWERMENT**

By :

Retno Pangastuti

The village is a form of government which are in the region of the lowest level. The village is a local community organization that has boundaries, inhabited by a number of residents, and customs have to manage themselves. The village setting is described in the Act No. 6 years 2014.berdasarkan the law, the villagers are entitled to request and obtain information from the village government and supervise the activities of village governance, the implementation of rural development, rural community development, to empower rural communities. Based on Central Lampung District Regulation 8 In 2011 the village called the Village. The potential that can be empowered in the village Poncowarno Kalirejo District of Central Lampung regency including agriculture, plantations and cottage industry cottage industry include brick, tile cottage industries and other cottage industries.

The problem in this thesis is how the Government authorities in Village Poncowarno Community Empowerment and what are the factors inhibiting the implementation of the Government's authority in the Poncowarno Village Community Empowerment. This legal research using normative and empirical legal research. Sources of data in this study are primary data and secondary data, and analyzed decriptive qualitatively.

The authority of village government in empowering the community that activities within their own household, mobilize community participation, carry out the task of the government on it, security and public order. The factors inhibiting the authority of human resources skilled in the art, and the raw material shortages, and others, then the Government of the village is expected to maximize its authority by creating a program, provides insight to the public to be further developed, as well as a relationship with the community so that more people easy to evolve to the government's authority in the village community empowerment can be implemented optimally.
