2.2.5 Fungsi-fungsi Utama Saluran Distribusi ....................... 26
2.3 Kelengkapan Produk .......................................................... 27
2.4 Citra Merek ....................................................................... 31

BAB III. METODOLOGI PENELITIAN .................................. 35
3.1 Variabel Penelitian ............................................................ 35
3.2 Definisi Operasional Variabel .............................................. 35
3.3 Populasi dan Sampel ............................................................ 37
  3.3.1 Populasi ..................................................................... 37
  3.3.2 Sampel ...................................................................... 37
3.4 Jenis dan Sumber Data ......................................................... 38
  3.4.1 Jenis Data .................................................................. 38
  3.4.2 Sumber Data ............................................................... 39
3.5 Metode Pengumpulan Data .................................................. 39
3.6 Analisis Data ..................................................................... 41
  3.6.1 Uji Validitas ............................................................... 41
  3.6.2 Uji Reabilitas .............................................................. 41
  3.6.3 Uji Analisis Regresi Berganda ................................. 41

BAB IV. HASIL PENELITIAN DAN PEMBAHASAN.............. 43
4.1 Uji Validitas dan Uji Reabilitas .............................................. 43
  4.1.1 Uji Validitas ............................................................. 43
  4.1.2 Uji Reabilitas ............................................................ 44
4.2 Analisis Kualitatif ............................................................. 45
  4.2.1 Hasil Analisis Variabel Demografi ......................... 45
4.3 Distribusi Frekuensi Jawaban Responden ........................................ 49
  4.3.1 Tanggapan Tentang Saluran Distribusi dan Kelengkapan Produk (X) ................................................................. 49

4.4 Analisis Kuantitatif .......................................................................... 54
  4.4.1 Uji Regresi Linier Sederhana ......................................................... 55
  4.4.2 Uji F (Uji Koefisien Regresi Secara Bersama-sama) ............ 55
  4.4.2 Uji T (Uji Koefisien Regresi Secara Parsial) ......................... 57

BAB V. SIMPULAN DAN SARAN......................................................... 59
  5.1 Simpulan.......................................................................................... 59
  5.2 Saran .................................................................................................. 61
