

DEDICATION

With a bunch of love and appreciation, this script is proudly dedicated to:

My wonderful parents, Sarjono and Siti Nur 'Aini. They are truly the most perfect gift God has ever given to me and they are as the stars in my life who always guide me in their love.

My beloved sister & my lovely cousin. Having you all is the greatest blessing in my life.

My best friends and my best supporters.

My incredible major and almamater, English Department of Lampung University.
