ABSTRACT

THE IMPLEMENTATION OF GUIDED READING ACTIVITY ON READING COMPREHENSION AT XI GRADE OF SMAN 1 GADINGREJO

BY

HESTI SETYA WATI

The purpose of this research was to find out whether there is improvement on students’ reading comprehension through the implementation of guided reading activity. The sample of this research is grade XI of SMAN 1 Gadingrejo. As the researcher used one pre-test post-test design, the researcher found out that there is an improvement in students’ reading comprehension after being taught by guided reading activity. The result showed that the mean of student gain score is 23.38 from 58.43 up to 81.71 with total 2288. The t-test also revealed that the result was significant (p<0.05, p=0.000). It indicates that the implementation of guided reading activity improves students’ reading comprehension.

Keywords: guided reading activity, reading comprehension
