### **LIST OF BUDGET EFFECTIVENESS OF STUFFING (DIPA) EFFECT ON QUALITY AND INDUSTRY IN SMK SMTI BANDAR LAMPUNG**

By

**FINIDYA DEMARANI**

The purpose of this study was to analyze the effectiveness of the Budget Implementation List (DIPA) and their effects on the quality of human resources in the industry SMK SMTI Bandar Lampung. The data used in this study is a secondary data obtained from SMK SMTI Bandar Lampung, covering finance, curriculum, student affairs, and public relations and various sources, both supporting literature, papers, and other scholarly works that support this research. Hypothesis testing is done quantitatively using a statistical analysis of the equations simple and multiple linear regression using *SPSS* 16.0.

The estimation results of this study indicate that the entire budget allocation relates significantly to the quality of human resources in the industry SMK SMTI Bandar Lampung. This study suggested that increased effectiveness and efficiency in order to improve the implementation of the budget in general DIPA budget, balance the budget allocation for the budget reduction on aspects of allowances, the need to increase the budget allocation for the delivery of education and training, strengthening institutions/facilities and infrastructure to undertake innovations in order to improve the quality of graduates SMK SMTI Bandar Lampung that targets graduates who received work achieved, and the need to improve the quality of human resources SMK SMTI Bandar Lampung industry by increasing the absorption of graduates.

**Keywords:** Budget Implementation List (DIPA), Quality Human Resources Industry, Education Budget.
