

ABSTRAK

KEBERHASILAN BP3K RAMAN UTARA KABUPATEN LAMPUNG TIMUR DALAM LOMBA PRESTASI TINGKAT PROVINSI TAHUN 2015

Oleh

Ayu Okriani

Penelitian ini bertujuan untuk menganalisis pelaksanaan perlombaan BP3K Berprestasi di Provinsi Lampung, aspek-aspek penilaian BP3K Berprestasi terhadap BP3K Raman Utara tahun 2015, dan pendapatan petani binaan BP3K Raman Utara. Penelitian ini dilakukan di Kecamatan Raman Utara Kabupaten Lampung Timur. Responden yang diteliti berjumlah 53 orang, terdiri dari seluruh PPL di BP3K yang berjumlah 10 orang dan 43 orang petani padi sawah anggota kelompok tani di dua desa yaitu Rejobinangun dan Rejo Katon. Pelaksanaan perlombaan BP3K Berprestasi di Provinsi Lampung dianalisis secara deskriptif. Aspek-aspek penilaian dianalisis secara deskriptif menggunakan tabulasi. Hasil menunjukkan bahwa penilaian BP3K Berprestasi di Provinsi Lampung tahun 2015 dilakukan dengan metode seleksi persyaratan, administrasi dan observasi lapangan. Aspek penilaian meliputi: sarana, prasarana, sumberdaya manusia, manajemen operasional, dan aktivitas. Kelima aspek diberikan skor antara 2 sampai dengan 861. Hasil penilaian terhadap BP3K Raman Utara secara keseluruhan mendapatkan skor 783 poin, dan termasuk kategori berhasil. Pendapatan petani binaan mengalami peningkatan sebesar 3,9% sebelum dan sesudah BP3K Raman Utara menjadi BP3K Berprestasi

Kata kunci: BP3K Berprestasi, keberhasilan, prestasi

ABSTRACT

THE SUCCESS OF NORTH RAMAN BP3K, EAST LAMPUNG DISTRICT IN PROVINCIAL COMPETITION IN 2015

By

Ayu Okriani

This research aims to analyze implementation of BP3K competition in Lampung Province, assessment aspects of the distinguished North Raman BP3K of East Lampung District in 2015, and income of farmers assisted by the BP3K. This research is conducted in North Raman Subdistrict of East Lampung District. Respondents are 53 people consisting of all 10 Agricultural Extension Workers in the BP3K and 43 rice farmers who are members of farmer groups in two villages namely Rejobinangun and Rejo Katon. Implementation of the competition and aspects of assessment are analyzed descriptively using tabulation. The results showed that the implementation of BP3K competition in Lampung Province was conducted by using methods of selection of requirements, and administrative and field observations. Aspects of assesment included: facility, infrastructure, human resources, operational management, and activities. The five aspects were scored between 2 and 861. The distinguished North Raman BP3K provisionally had a score of 783 points, and included in a successful category. The income of assisted farmers increased by 3,9% a year before and after becoming the distinguished North Raman BP3K.
