

ABSTRAK

ESTIMASI *OUTPUT* BERBAGAI BANGSA KAMBING DI DESA DADAPAN KECAMATAN SUMBEREJO KABUPATEN TANGGAMUS

Oleh

Lara Permataning Hasri

Penelitian ini bertujuan untuk mengetahui nilai *Natural Increase* (NI), *Net Replacement Rate* (NRR), dan *output* pada berbagai bangsa kambing di Desa Dadapan Kecamatan Sumberejo Kabupaten Tanggamus, dilakukan pada Juni sampai dengan Agustus 2017 terhadap seluruh peternak kambing yang ada di Desa Dadapan. Hasil penelitian menunjukkan bahwa nilai NI kambing Saburai 26,24%, nilai NRR jantan dan betina 756,23% dan 192,27%, *Output* 27,66%. Nilai NI kambing Boerawa 11,32%, nilai NRR jantan dan betina 191,81% dan 125,71%, *Output* 15,72%. Nilai NI kambing Rambon 24,22%, nilai NRR jantan dan betina 636,21% dan 134,19%, *Output* 27,33%. Nilai NI kambing PE 19,53%, nilai NRR jantan dan betina 264,53% dan 143,99%, *Output* 20,31%.

Kata kunci : *Natural Increase, Net Replacement Rate, Output*

ABSTRACT

OUTPUT POPULATION OF SOME VARIOUS GOAT BREEDS IN DADAPAN VILLAGE SUMBEREJO DISTRICT TANGGAMUS

By

Lara Permataning Hasri

This study aims to determine the value of Natural Increase (NI), Net Replacement Rate (NRR), and output on each goat nation in Dadapan Village Sumberejo District Tanggamus. This research was conducted from June to August 2017. This research was conducted on all goat and goat breeders in the Village Dadapan. Research results show the value of NI goat Saburai 26.24%, male and female NRR value of 756.23% and 192.27%, Output 27.66% . Boerawa Boerawa NI value 11.32%, male and female NRR 191,81% and 125,71%, Output 15,72% . NI Rambon goats 24.22%, male and female NRR 636.21% and 134.19%, Output 27.33% . NI goat PE 19.53%, male and female NRR 264.53% and 143.99%, Output 20.31% . The goats that have the potential to be developed in Dadapan Village are Saburai goats

Key words: Natural Increase, Net Replacement Rate, Output
