DAFTAR TABEL

DAFTAR GAMBAR

I. PENDAHULUAN .................................................................................................................. 1
   1.1. Latar Belakang ........................................................................................................... 1
   1.2. Identifikasi Masalah ................................................................................................. 9
   1.3. Pembatasan masalah .............................................................................................. 10
   1.4. Rumusan masalah .................................................................................................. 10
   1.5. Tujuan Penelitian ................................................................................................... 11
   1.6. Kegunaan Penelitian .............................................................................................. 12
      1.6.1. Secara Teoritis .................................................................................................. 12
      1.6.2. Secara Praktis ................................................................................................... 13
   1.7. Ruang Lingkup Penelitian ....................................................................................... 13

II. KAJIAN PUSTAKA .......................................................................................................... 19
   2.1. Tinjauan Pustaka .................................................................................................... 19
      2.1.1. Belajar dan Pembelajaran .................................................................................. 19
      2.1.2. Teori Belajar dan Pembelajaran Kontruktivisme .............................................. 20
      2.1.3. Kompetensi Siswa ............................................................................................ 24
         a. Pengertian Kompetensi ....................................................................................... 24
         b. Pengertian Kompetensi Siswa ........................................................................... 25
      2.1.4. Media Pembelajaran .......................................................................................... 27
         a. Pengertian Media Pembelajaran .......................................................................... 27
         b. Fungsi, Kelebihan Kemampuan Media Pembelajaran dan Hambatan-Hambatan Komunikasi dalam Proses Pembelajaran ........................................................................................................... 32
         c. Klasifikasi Media Pembelajaran ......................................................................... 34
         d. Media Pembelajaran Berupa Media Praktik Bukti Transaksi ................................ 35
         e. Media Lembar Kerja Siswa (LKS) ........................................................................ 39
      2.1.5. Kemampuan Awal .............................................................................................. 43
         a. Pengertian Kemampuan Awal ............................................................................ 43
         b. Jenis-Jenis Kemampuan Awal Siswa ................................................................. 47
         c. Langkah-Langkah Analisis Kemampuan Awal Siswa ......................................... 49
      2.1.6. Pendidikan IPS di SMA ....................................................................................... 50
      2.1.7. Mata Pelajaran Ekonomi dan Akuntansi dalam Kelompok IPS ............... 43
      2.1.8. Hakikat Ekonomi Akuntansi dalam IPS ......................................................... 53
         a. Pengertian Akuntansi ......................................................................................... 57
         b. Pengusahaan Konsep Jurnal Umum .................................................................... 58
Halaman

c. Bentuk dan Fungsi Jurnal Umum................................. 60
d. Fungsi Jurnal Umum meliputi sebagai berikut............... 61
e. Hasil Penelitian yang Relevan .................................. 62
2.2. Kerangka Pikir ......................................................... 64
2.3. Anggapan Dasar Hipotesis .......................................... 70
2.4. Hipotesis ................................................................. 70

III. METODE PENELITIAN .................................................. 74
3.1. Metode Penelitian ...................................................... 74
3.1.1. Desain Penelitian .................................................. 76
3.1.2. Desain Penelitian Eksperimen ................................. 76
3.1.3. Prosedur penelitian ............................................... 77
3.2. Populasi, Sampel dan Sumber Data ............................... 79
3.2.1. Populasi ............................................................. 79
3.2.2. Sampel ............................................................. 80
3.2.3. Jenis dan Sumber Data ........................................... 81
3.3. Variabel Penelitian .................................................... 82
3.3.1. Variabel Bebas (Variabel Independen) ......................... 82
3.3.2. Variabel Terikat (Variabel Dependen) ......................... 82
3.3.3. Variabel Moderator ................................................ 82
3.4. Definisi Konseptual dan Operasional Variabel .................. 83
3.4.1. Definisi Konseptual Variabel ................................... 83
   a. Kompetensi Siswa............................................... 83
   b. Media praktik bukti transaksi ................................ 83
   c. Media Lembar Kerja Siswa (LKS) ............................ 84
   d. Kemampuan awal ............................................... 84
3.4.2. Definisi Operasional Variabel ................................ 84
   a. Kompetensi Siswa............................................... 84
   b. Media Praktik Buku Transaksi ................................ 85
   c. Media Lembar Kerja Siswa (LKS) ............................ 85
   d. Kemampuan awal ............................................... 86
3.5. Kisi-Kisi Instrumen Tes Kemampuan Awal ...................... 86
3.6. Teknik Pengumpulan Data .......................................... 88
3.7. Uji Persyaratan Instrumen .......................................... 88
   3.7.1. Uji Validitas.................................................... 89
   3.7.2. Uji Reliabilitas ................................................ 91
   3.7.3. Taraf Kesuakaran ............................................. 93
   3.7.4. Daya Beda .................................................... 95
3.8. Uji Persyaratan Analisis Data ...................................... 97
   3.8.1. Uji normalitas............................................... 97
   3.8.2. Uji Homogenitas ............................................. 98
3.9. Teknis Analisis Data .................................................. 98
3.9.1. Analisis Varians Dua Jalan ................................................. 98
3.9.2. Uji-t Dua Sampel Independen ............................................. 101

IV. HASIL PENELITIAN DAN PEMBAHASAN ................................................. 104
5.1. Data Hasil Penelitian .............................................................. 104
5.1.1. Deskripsi Data Kemampuan Awal ........................................ 104
a. Data Kemampuan Awal Rendah Kelas Eksperimen .................. 104
b. Data Kemampuan Awal Tinggi Kelas Eksperimen ................... 105
c. Data Kemampuan Awal Rendah Kelas Kontrol ....................... 105
d. Data Kemampuan Awal Tinggi Kelas Kontrol ....................... 106
5.1.2. Deskripsi Data Kompetensi Akuntansi .................................. 107
a. Data Kompetensi Akuntansi Kelas Eksperimen Dengan
   Kemampuan Awal Rendah .............................................. 107
b. Data Kompetensi Akuntansi Kelas Eksperimen Dengan
   Kemampuan Awal Tinggi .............................................. 108
c. Data Kompetensi Akuntansi Kelas Kontrol Dengan
   Kemampuan Awal Rendah .............................................. 108
d. Data Kompetensi Akuntansi Kelas Kontrol Dengan
   Kemampuan Awal Tinggi .............................................. 109
5.2. Uji N-Gain Antara Kelas Eksperimen dan Kelas Kontrol .................. 110
5.2.1. Uji N-Gain Kelas Eksperimen Dengan Kemampuan Awal
   Rendah ............................................................................. 111
5.2.2. Uji N-Gain Kelas Eksperimen Dengan Kemampuan Awal
   Tinggi ............................................................................. 112
5.2.3. Uji N-Gain Kelas Kontrol Dengan Kemampuan Awal
   Rendah ............................................................................. 112
5.2.4. Uji N-Gain Kelas Kontrol Dengan Kemampuan Awal
   Tinggi ............................................................................. 113
5.2.5. Rekapitulasi Uji N-Gain Kelas Eksperimen dan Kelas
   Kontrol ............................................................................. 114
5.3. Uji Hipotesis ............................................................. 114
5.3.1. Uji Persyaratan Hipotesis .................................................. 114
a. Uji Normalitas .................................................................. 114
b. Uji Homogenitas ................................................................ 116
5.3.2. Uji Hipotesis Penelitian .................................................. 116
a. Uji Hipotesis Ke Satu ...................................................... 117
b. Uji Hipotesis Ke Dua ...................................................... 118
c. Uji Hipotesis Ke Tiga ..................................................... 120
d. Uji Hipotesis Ke Empat .................................................. 121
e. Uji Hipotesis Ke Lima .................................................... 123
f. Uji Hipotesis Ke Enam ................................................... 124
g. Uji Hipotesis Ke Tujuh ................................................... 126
h. Uji Hipotesis Ke Delapan ............................................... 128
5.4. Pembahasan ................................................................. 130
V. KESIMPULAN, IMPLIKASI DAN SARAN .......................................................... 148
   5.1. Kesimpulan ............................................................................................... 148
   5.2. Implikasi ..................................................................................................... 152
   5.3. Saran ........................................................................................................... 152
