DAFTAR GRAFIK ............................................................................................ xiv
DAFTAR LAMPIRAN ...................................................................................... xv

I PENDAHULUAN ........................................................................................... 1
1.1 Latar Belakang Masalah ........................................................................ 1
1.2 Identifikasi Masalah ............................................................................. 13
1.3 Pembatasan Masalah ........................................................................... 14
1.4 Rumusan Masalah ................................................................................. 14
1.5 Tujuan Penelitian .................................................................................. 15
1.6 Manfaat Penelitian ............................................................................... 15

II KAJIAN PUSTAKA ..................................................................................... 17
2.1 Prestasi Belajar ...................................................................................... 17
2.2 Pembelajaran Matematika ..................................................................... 18
  2.2.1 Perencanaan Pembelajaran ............................................................. 19
    2.2.1.1 Silabus ...................................................................................... 19
    2.2.1.2 Rencana Pelaksanaan Pembelajaran (RPP) ......................... 20
    2.2.1.3 Prinsip-Prinsip Penyusunan RPP .......................................... 22
  2.2.2 Pelaksanaan Pembelajaran .............................................................. 24
    2.2.2.1 Aktivitas Belajar ..................................................................... 25
    2.2.2.2 Aktivitas Guru ....................................................................... 28
  2.2.3 Penilaian Pembelajaran Matematika .............................................. 31
    2.2.3.1 Tujuan Penilaian Pembelajaran Matematika ....................... 31
    2.2.3.2 Ranah Penilaian Dalam Pembelajaran Matematika............. 32
4.1.3 Siklus III

4.1.3.1 Perencanaan Tindakan ................................................................. 123
4.1.3.2 Pelaksanaan Tindakan ................................................................. 124
4.1.3.3 Observasi dan Evaluasi ............................................................... 125
4.1.3.4 Analisis dan Refleksi ................................................................. 129

4.2 Pembahasan

4.2.1 Rencana Pelaksanaan Pembelajaran (RPP) ...................................... 130
4.2.2 Aktivitas Guru ............................................................................. 133
4.2.3 Aktivitas Siswa ........................................................................... 136
4.2.4 Pelaksanaan Penilaian Pembelajaran ........................................... 140
4.2.5 Prestasi Belajar Matematika ......................................................... 142

4.3 Keterbatasan Penelitian ................................................................. 146

V SIMPULAN DAN SARAN ......................................................................... 148
5.1 Simpulan .......................................................................................... 148
5.2 Saran ................................................................................................ 149
