DAFTAR TABEL ........................................................................................................ ix

DAFTAR GAMBAR .................................................................................................. x

DAFTAR LAMPIRAN ................................................................................................. xi

BAB I. PENDAHULUAN

1.1 Latar Belakang ................................................................................................. 1
1.2 Fokus Penelitian .............................................................................................. 7
1.3 Perumusan Masalah .......................................................................................... 8
1.4 Tujuan Penelitian ............................................................................................. 8
1.5 Manfaat Penelitian .......................................................................................... 9

BAB II TINJAUAN PUSTAKA

2.1 Evaluasi ........................................................................................................... 10
2.2 Teori Desain Pembelajaran ............................................................................ 21
2.3 Teori Belajar dan Pembelajaran ........................................................................ 26
2.4 Sumber Belajar ................................................................................................ 28
2.5 Sumber Belajar Berbasis TIK .......................................................................... 35
2.6 Penelitian yang relevan .................................................................................... 36

BAB III METODE PENELITIAN

3.1 Tempat dan Waktu Penelitian ....................................................................... 38
3.2 Jenis Penelitian ................................................................................................ 38
3.3 Rancangan Penelitian ..................................................................................... 38
3.4 Objek dan Subjek Penelitian .......................................................................... 39
3.5 Teknik Pengumpulan data ............................................................................... 39
3.6 Kisi-kisi Instrumen Penelitian ........................................................................ 40
3.7 Uji Coba Instrumen ........................................................................................ 41
3.8 Teknik Analisis Data ....................................................................................... 46
BAB IV HASIL PENELITIAN DAN PEMBAHASAN

4.1 Temuan Penelitian................................................................. 48
4.2 Pembahasan........................................................................... 53

BAB V SIMPULAN DAN REKOMENDASI

5.1 Simpulan .............................................................................. 61
5.2 Rekomendasi ....................................................................... 63

DAFTAR PUSTAKA ........................................................................ 64

LAMPIRAN .................................................................................. 66
