DAFTAR TABEL
DAFTAR GAMBAR
DAFTAR LAMPIRAN

I. PENDAHULUAN
A. Latar Belakang Masalah................................................................. 1
B. Identifikasi Masalah........................................................................ 9
C. Pembatasan Masalah...................................................................... 10
D. Perumusan Masalah ...................................................................... 10
E. Tujuan Penelitian ......................................................................... 11
F. Kegunaan Penelitian .................................................................... 11
G. Ruang Lingkup Penelitian............................................................. 12

II. TINJAUAN PUSTAKA, KERANGKA PIKIR DAN DIPOTESIS
A. Tinjauan Pustaka
   1. Hasil Belajar................................................................................ 13
   2. Model Pembelajaran Kooperatif( Cooperative Learning) .......... 17
   3. Model Pembelajaran Kooperatif Tipe GI................................. 20
   4. Model Pembelajaran Kooperatif Tipe PBL................................ 27
   5. Hasil Penelitian yang Relevan .................................................. 32
B. Kerangka Pikir ............................................................................ 33
C. Hipotesis....................................................................................... 39
III. METODE PENELITIAN
   A. Metode Penelitian
      1. Desain Eksperimen......................................................... 41
      2. Prosedur Penelitian....................................................... 41
   B. Populasi dan Sampel ..................................................... 42
   C. Variabel Penelitian.......................................................... 43
   D. Definisi Operasional Variabel........................................... 44
   E. Jenis Data dan Teknik Pengumpulan Data
      1. Jenis Data ........................................................................... 45
      2. Teknik Pengumpulan Data.................................................... 46
   F. Uji Persyaratan Instrumen
      1. Uji Validitas .......................................................................... 47
      2. Uji Reliabilitas ...................................................................... 48
      3. Taraf Kesukaran .................................................................... 49
      4. Daya Beda ............................................................................ 50
   G. Analisis Data
      1. Uji Normalitas ........................................................................ 51
      2. Uji Homogenitas .................................................................... 52
   H. Pengujian Hipotesis............................................................... 52

IV. HASIL PENELITIAN DAN PEMBAHASAN
   A. Gambaran Umum Lokasi Penelitian
      1. Sejarah Berdirinya SMA Negeri 1 Kalirejo, Lampung Tengah..... 55
      2. Perkembangan Sekolah .......................................................... 57
      3. Visi dan Misi .......................................................................... 59
      4. Situasi dan Kondisi Sekolah.................................................. 60
   B. Deskripsi Data
      1. Data Hasil Belajar Kelas GI
         a. Deskripsi Data Hasil Pre Test ........................................... 63
         b. Deskripsi Data Hasil Post Test ........................................... 66
      2. Data Hasil Belajar Kelas PBL
         a. Deskripsi Data Hasil Pre test .............................................. 68
         b. Deskripsi Data Hasil Post test ............................................. 70
   C. Pengujian Persyaratan Analisis Data
      1. Uji Normalitas
         a. Uji Normalitas Kelas GI ...................................................... 73
         b. Uji Normalitas Kelas PBL .................................................... 74
      2. Uji Homogenitas
         a. Uji Homogenitas Kelas GI dan Kelas PBL .......................... 69
   D. Peningkatan Hasil Belajar Kelas GI, dan PBL ............................ 76
   E. Pengujian Hipotesis
      1. Pengujian Hipotesis Pertama .................................................. 71
2. Pengujian Hipotesis Kedua ........................................................... 73
F. Pembahasan Hipotesis
   1. Hasil Belajar Ekonomi Model Pembelajaran Kooperatif Tipe GI dan Tipe PBL ............................................................... 82
   2. Perbedaan Rata – rata Hasil Belajar Ekonomi Model Pembelajaran Kooperatif Tipe GI dan Tipe PBL ........................................... 85

V. KESIMPULAN DAN SARAN
   A. Kesimpulan .................................................................................. 90
   B. Saran .......................................................................................... 91
