

ABSTRACT

THE ANALYSIS OF THE SCHOOL EXAMINATION ITEMS OF PROBLEM TEXT VIEWED FROM VALIDITIES OF FACE VALIDITY, CONTENT, AND CONSTRUCTION ACADEMIC YEAR 2011/2012 TO 2013/2014¹

By

Ratna Dewi², Bambang Setiady³, Edi Suyanto⁴

The objective of this research was to describe the face, content, and construction validity of the school examination items of Indonesian Language subject in academic year 2011/2012 to 2013/2014.

The sample of the reseach was the document of the final exams of SMP in Lampung. The data were collected from four teachers who had analysed the exams.

The data collected in this reearch were analysed by four raters by evaluating the items based on the three types of validity. The result shows that most of the items of the final exam in the academic year 2011/2012 to 2013/2014 fulfilled the criteria of the validity.

Keywords : analysis of examination problem, face, content, construction validity
