DAFTAR TABEL ........................................................................................................ v

DAFTAR GAMBAR .................................................................................................... vi

I. PENDAHULUAN

A. Latar Belakang Masalah ......................................................................................... 1
B. Rumusan Masalah .................................................................................................... 3
C. Tujuan Penelitian .................................................................................................... 4
D. Manfaat Penelitian .................................................................................................. 5
E. Ruang Lingkup Penelitian ....................................................................................... 5

II. TINJAUAN PUSTAKA

A. Pendekatan Konstruktivisme .................................................................................. 7
B. Learning Cycle 3 E. .................................................................................................. 8
C. Aktivitas Siswa ......................................................................................................... 14
D. Penguasaan Konsep .................................................................................................. 16

III. METODE PENELITIAN

A. Subyek Penelitian ................................................................................................... 19
B. Prosedur Penelitian .................................................................................................. 19
C. Data Penelitian .......................................................................................................... 24
D. Teknik Pengumpulan Data ...................................................................................... 24
E. Instrumen Penelitian .................................................................................................. 24
F. Indikator Keberhasilan .............................................................................................. 26
G. Teknik Analisis .......................................................................................................... 27
IV. HASIL PENELITIAN DAN PEMBAHASAN
A. Hasil Penelitian ................................................................. 31
B. Pembahasan ................................................................. 33

V. SIMPULAN DAN SARAN
A. Simpulan ................................................................. 46
B. Saran ................................................................. 46

DAFTAR PUSTAKA ................................................................. 48

LAMPIRAN
1. Silabus .................................................................................. 50
2. Rencana pelaksanaan pembelajaran........................................ 54
3. Lembar kerja siswa.................................................................. 72
4. Soal tes formatif I................................................................. 88
5. Soal tes formatif II ................................................................ 92
6. Jawaban tes formatif siklus I siklus II ..................................... 96
7. Kisi-kisi soal tes formatif ................................................... 97
8. Nilai penguasaan konsep .................................................... 99
9. Perhitungan data aktivitas dan penguasaan konsep ............... 101
10. Lembar observasi aktivitas siswa........................................ 104
11. Lembar observasi kinerja guru........................................... 112
12. kartu bimbingan skripsi ..................................................... 116
