In society life, action of human being is ever arranged and limited by various social norm. Its target is to be each every action of human being do not each other interfere in and harmless of other party, as have been marked with lines in social norm which have been agreed on with. Social norm function as controller of each every department of human being in society life which is as a rule referred as by a social observation. Social observation can do duty off the criminal law, is such as those which happened in Lebu Dalem Countryside of Menggala Timur Subdistrict of Tulang Bawang. In the Countryside a acting criminal theft conducted by a adolescent usually will be given by sanction that is social sanction.

Hence this research aim to to know the social sanction any kind of given by society to adolescent conducting to act the kriminal theft, to know how the social sanction process given, and how impact from social sanction which is passed to adolescent of perpetrator act the kriminal theft in Lebu Dalem Countryside of Menggala Timur Subdistrict of Tulang Bawang. this Research type represent the descriptive research, with the quantitative approach. In this research sum up the sampel determined by using endued random technique (Stratified Random Sampling). with the responder amount as much 70 (seventy) people. Technique of data collecting use the keusioner, interview and documentation.

Result of this research is show that there is some social sanction given by Countryside society Lebu Dalem to adolescent of perpetrator act the criminal theft for example that is, exhortation, gibing, conference in Kampong hall (*pepung*), fine and also excommunication by society. Process from the social sanction gift is usually determined by passing conference in Kampong hall (*pepung*) by attending figure of exist in Lebu Dalem Countryside and also family from adolescent of the theft perpetrator. As for impact from social sanction gift by society to adolescent of theft perpetrator can be pulled by conclusion that social sanction it is true not yet full abolish the theft number of among adolescent of countryside Lebu Dalem of Menggala Timur of Subdistrict but social sanction able to depress the theft number of among adolescent, this matter is visible from there no adolescent of perpetrator act the theft which return caught by after given by a the sanction. Thereby social sanction which given by society to adolescent of theft perpetrator have able to depress the theft number of among adolescent of itself.
