

ABSTRACT

THE INFLUENCE OF VILLAGE FUNDS ON INFRASTRUCTURE DEVELOPMENT AND COMMUNITY EMPOWERMENT (Study On: Desa Negara Ratu, Natar Subdistrict, South Lampung Regency)

By

DIKI SATRIA

Based on the village information system (SID) in 2021 the Village government targets Desa Negara Ratu to be an independent village. However, in fact in 2021 the status of Desa Negara Ratu became a developing village. This research aims to find out the Village Fund in infrastructure development and community empowerment.

This research was conducted in Desa Negara Ratu, Natar Subdistrict, South Lampung using secondary data with qualitative descriptive method.

The results of the study indicate that village funds have an effect on increasing infrastructure development in the form of adding village roads, reservoir, villages, gates, mosques, sanitation and drainage and road signs. Desa Negara Ratu has also succeeded in improving the library quality of the puskesmas and posyandu. Furthermore, village funds also have an effect on increasing community empowerment in the form of improving the quality of village development planning, increasing the quantity of system based treasury village profiles and village development as well as 36 PKK programs. Later, Desa Negara Ratu also succeeded in improving the quality of the capacity of the village head of the village apparatus and increasing the quantity of youth and women's groups as well as increasing self-sufficiency management. Furthermore, Desa Negara Ratu has also succeeded in increasing the level of posyandu, adding socialization of village latrines and improving the management of early PAUD/TK activities, village competitions and the management of BUMDes.

Keywords: *Village Fund, Infrastructure Development, Community Empowerment*

ABSTRAK

PENGARUH DANA DESA TERHADAP PEMBANGUNAN INFRASTRUKTUR DAN PEMBERDAYAAN MASYARAKAT (Studi Pada: Desa Negara Ratu, Kecamatan Natar, Kabupaten Lampung selatan)

Oleh

DIKI SATRIA

Berdasarkan sistem informasi desa (SID) pada tahun 2021 pemerintah Desa menargetkan Desa Negara Ratu menjadi Desa mandiri. Namun, faktanya pada tahun 2021 status Desa Negara Ratu menjadi Desa berkembang. Penelitian ini bertujuan untuk mengetahui Dana Desa dalam pembangunan infrastruktur dan pemberdayaan masyarakat.

Penelitian ini dilakukan di Desa Negara Ratu, Kecamatan Natar, Lampung Selatan menggunakan data sekunder dengan metode deskriptif kualitatif.

Hasil penelitian menunjukkan bahwa Dana Desa berpengaruh meningkatkan pembangunan infrastruktur berupa menambah jalan desa, embung desa, gapura masjid, sanitasi dan drainase serta rambu jalan. Desa Negara Ratu juga telah berhasil meningkatkan kualitas perpustakaan, PAUD, puskesmas dan posyandu. Selanjutnya, Dana Desa juga berpengaruh meningkatkan pemberdayaan masyarakat berupa peningkatan kualitas perencanaan pembangunan desa, menambah kuantitas penyusunan profil Desa, kebhendaraan berbasis sistem, dan pembentukan website desa serta 36 Program PKK. Kemudian Desa Negara Ratu juga berhasil meningkatkan kualitas kapasitas kepala desa, aparatur desa, dan menambah kuantitas kelompok pemuda dan perempuan, serta peningkatan pengelolaan swasembada. Selanjutnya, Desa Negara Ratu juga berhasil dalam meningkatkan kader posyandu, menambah sosialisasi jamban desa dan meningkatkan pengelolaan PAUD/TK, kegiatan lomba desa, serta pengelolaan BUMDes.
