

ABSTRAK

ANALISIS INDEKS PERSEPSI KORUPSI, STABILITAS POLITIK, PERTUMBUHAN EKONOMI, KETERBUKAAN PERDAGANGAN, DAN INFRASTRUKTUR TERHADAP INVESTASI ASING LANGSUNG (FDI) DI ASEAN

Oleh

MUHAMAD VICKI FALDI

Penelitian ini bertujuan untuk menganalisis pengaruh indeks persepsi korupsi, stabilitas politik, pertumbuhan ekonomi, keterbukaan perdagangan, dan infrastruktur terhadap investasi asing langsung (FDI) di ASEAN. Penelitian ini menggunakan data panel dari tahun 2010 - 2019 di 10 negara anggota ASEAN menggunakan model FEM (*Fixed Effect Model*). Variabel terikat yang digunakan adalah investasi asing langsung (FDI) dan variabel bebas meliputi indeks persepsi korupsi, stabilitas politik, pertumbuhan ekonomi, keterbukaan perdagangan, dan infrastruktur. Hasil penelitian menunjukkan bahwa indeks persepsi korupsi, stabilitas politik, pertumbuhan ekonomi, keterbukaan perdagangan, dan infrastruktur berpengaruh positif dan signifikan terhadap investasi asing langsung (FDI).

Kata kunci: Investasi Asing langsung (FDI), Korupsi, Stabilitas Politik, Pertumbuhan Ekonomi, Keterbukaan Perdagangan, Infrastruktur.

ABSTRACT

ANALYSIS OF CORRUPTION PERCEPTION INDEX, POLITICAL STABILITY, ECONOMIC GROWTH, TRADE OPENNESS, AND INFRASTRUCTURE ON FOREIGN DIRECT INVESTMENT (FDI) IN ASEAN

BY

MUHAMAD VICKI FALDI

This study aims to analyze the effect of corruption perception index, political stability, economic growth, trade openness, and infrastructure on foreign direct investment (FDI) in ASEAN. This study uses panel data from 2010 - 2019 in 10 ASEAN countries using FEM (Fixed Effect Model). The dependent variable used is foreign direct investment (FDI) and the independent variables include corruption perception index, political stability, economic growth, trade openness, and infrastructure. The results of the study indicate that corruption perception index, political stability, economic growth, trade openness, and infrastructure have a positive and significant impact on foreign direct investment (FDI).

Keyword: Foreign Direct Investment (FDI), Corruption, Political Stability, Economic Growth, trade openness, and infrastructure.
