

ABSTRAK

PERANCANGAN ART CENTER LAMPUNG

Oleh

ARIS HIDAYAT

Banyaknya event kesenian yang diselenggarakan di Kota Bandar Lampung tentu tidak lepas dari banyaknya pelaku seni di Kota Bandar Lampung, Baik seni musik, seni tari, maupun seni lukis. Perkembangan kesenian yang terjadi ini tidak diimbangi dengan fasilitas kesenian yang bisa mewadahi kreatifitas mereka. Meliputi seni musik, seni teater, dan seni tari yang diwadahi dengan gedung pertunjukan serta ragam seni dua dimensi yaitu karya seni lukis kontemporer dan seni tiga dimensi yang akan wadahi pada ruang galeri serta gedung auditorium. sebagai salah satu bidang yang memiliki peran penting bagi kehidupan sosial, ekonomi, dan budaya masyarakat khususnya di bidang kesenian di Kota Bandar Lampung, maka perlu adanya wadah yang mampu memfasilitasi kebutuhan masyarakat dalam melakukan sosialisasi dalam berkesenian. performing art space ataupun sebagai tempat pertunjukan seni yang lebih dinamis sebagai sarana budaya sekaligus sarana hiburan bagi para pengunjung. Perancangan Lampung Art Center ini menggunakan konsep yang dihasilkan dari prinsip-prinsip terkait tema High Technology Performance, fungsi objek itu sendiri yaitu menciptakan suatu bangunan yang mempunyai fungsi sebagai wadah untuk memfasilitasi kegiatan kesenian modern yang ada di Kota Lampung dengan perwujudan bentuk yang diharapkan mampu memberikan pengalaman visual bagi penggunanya.

ABSTRACT

LAMPUNG ART CENTER DESIGN

By

ARIS HIDAYAT

The number of art events held in Bandar Lampung City certainly cannot be separated from the many artists in Bandar Lampung City, both music, dance, and painting. The development of the arts that occurred was not matched by artistic facilities that could accommodate their creativity. This includes music, theater, and dance, which are accommodated in a performance building as well as a variety of two-dimensional arts, namely contemporary painting and three-dimensional art, which will be accommodated in the gallery space and auditorium building. as one of the fields that have an important role in the social, economic, and cultural life of the community, especially in the field of art in Bandar Lampung City, it is necessary to have a forum that is able to facilitate the needs of the community in conducting socialization in the arts. performing art space or as a place for performing arts that are more dynamic as a means of culture as well as a means of entertainment for visitors. The design of the Lampung Art Center uses concepts generated from principles related to the theme of High Technology Performance, the function of the object itself is to create a building that has a function as a forum to facilitate modern art activities in the city of Lampung with the embodiment of forms that are expected to provide an experience. visuals for users.
