## **Abstrak**

Tujuan penelitian ini adalah mendeskripsikan kegiatan pembelajaran bahasa Indonesia kelas VIII MTs selama masa pandemi covid-19 dan pascapandemi covid-19 serta merekomendasikan kepada Kantor Kementerian Agama Kabupaten Lampung Selatan. Penelitian ini menggunakan metode deskriptif kualitatif.

Prosedur yang dilakukan dalam penelitian ini adalah (1) wawancara (2) penyebaran angket, dan (3) observasi. Sumber data pada uji coba lapangan dilakukan di sepuluh sekolah, yakni MTs Mathlaul Anwar Sidomulyo, MTs Al-Khairiyah Natar, MTs El Nur El Kasysyaf Sukatani Kalianda, MTs Ma'arif Bumirestu Palas, MTs Kusuma Sragi, MTs As Salam Tanjungsari, MTs Wathoniyah Islamiyah Candipuro, MTs Darul Kamal Ruguk Ketapang, MTs Negeri Way Panji, dan MTs Negeri 2 Palas. Teknik analisis data dilakukan dengan cara menggabungkan data kuantitatif dan kualitatif. Data kuantitatif dikonversi ke data kualitatif untuk mendapatkan deskripsi data dan simpulan.

Hasil penelitian dan pembahasan dapat disimpulkan bahwa pelaksanaan pembelajaran Bahasa Indonesia kelas VII MTs di Kabupaten Lampung Selatan pada masa pandemi berjalan dengan baik sedangkan pembelajaran pascapandemi berjalan dengan sangat baik. Pada pandemi covid-19 diperoleh persentase tahap persiapan pembelajaran di masa pandemi covid-19 sebesar 76% (baik), sedangkan pada pascapandemi covid-19 sebesar 81% (sangat baik). Tahap pelaksanaan pembelajaran di masa pandemi covid-19 sebesar 71% (baik), sedangkan pada pascapandemi covid-19 sebesar 89% (sangat baik). Tahap akhir pembelajaran di masa pandemi covid-19 sebesar 73% (baik), sedangkan pada pascapandemi covid-19 sebesar 77% (baik). Tahap hasil penilaian pembelajaran di masa pandemi covid-19 sebesar 73% (baik), sedangkan pada pascapandemi covid-19 sebesar 76% ( baik), serta rekomendasi kepada Kantor Kementerian Agama Kabupaten Lampung Selatan.

**Abstrak**

The purpose of this study is to describe class VIII MTs Indonesian language learning activities during the covid-19 pandemic and post-covid-19 pandemic and recommend it to the Office of the Ministry of Religious Affairs of South Lampung Regency. This research uses qualitative descriptive methods.

The results of the study were (1) interviews, (2) questionnaire distribution, and (3) observation. Data sources in field trials were carried out in ten schools, namely MTs Mathlul Anwar Sidomulyo, MTs Al-Khairiyah Natar, MTs El Nur El Kasysyaf Sukatani Kalianda, MTs Ma'arif Bumirestu Palas, MTs Kusuma Sragi, MTs As Salam Tanjungsari, MTs Wathoniyah Islamiyah Candipuro, MTs Darul Kamal Ruguk Ketapang, MTs Negeri Way Panji, and MTs Negeri 2 Palas. Data analysis techniques are carried out by combining quantitative and qualitative data. Quantitative data is directed to qualitative data to obtain data descriptions and conclusions.

The results of the research and discussion, it can be concluded that the implementation of learning Indonesian for class VII MTs in South Lampung Regency during the pandemic went well, while post-pandemic learning went very well. In the Covid-19 pandemic, the percentage of the learning preparation stage during the Covid-19 pandemic was 76% (good), while in the post-pandemic Covid-19 it was 81% (very good). The stage of learning implementation during the Covid-19 pandemic was 71% (good), while in the post-Covid-19 pandemic it was 89% (very good). The end of learning during the covid-19 pandemic was 73% (good), while in the post-covid-19 pandemic it was 77% (good). The stage of learning assessment results during the covid-19 pandemic was 73% (good), while in the post-covid-19 pandemic it was 76% (good), as well as recommendations to the Office of the Ministry of Religious Affairs of South Lampung Regency.
