SUBHAN GUNAWAN**

Attorney has the duty and authority to investigate certain criminal offenses under the legislation, one of which is corruption. Efforts are made Intelligence Attorney is asset tracing against perpetrators of corruption in law enforcement. The problem of this research are: (1) What is the role of intelligence attorney role in asset tracing of corruption criminal in law enforcement? (2) Why the barriers to the implementation of intelligence attorney role in asset tracing of corruption criminal in law enforcement?

This study uses normative juridical and juridical empirical approach. The data procedures literature study and field studies. Informants of this study are as follows Special Crimes Section Chief, Section Chief and the Attorney General Crime Intelligence Section Functional State Attorney Sukadana. The data were analyzed qualitatively.

Based on the results of research and discussion, it can be concluded: (1) The role of intelligence attorney role in asset tracing of corruption criminal in law enforcement carried out by the Intelligence Section of the State Attorney Sukadana in asset tracking of a suspect Drs. Hi. Haryono, MM. Bin Mujiono in the city of Bandar Lampung and East Lampung District included in the normative role because it is based on norms or regulations. Attorney intelligence intelligence activities such as collecting materials and information and report the results to the Chief State Prosecutor in Judicial Intelligence Operations Report. (2) Barriers in the role of intelligence attorney role in asset tracing of corruption criminal in law enforcement are the lack of law enforcement personnel and assets not optimal implementation in accordance with the procedures and operational and infrastructure factors, namely the unavailability of computer networking programs.

Suggestions in this study were: (1) Standard Operating Procedures should be put in place standard in asset tracking perpetrators of corruption (2) It should be realized infrastructure based communication and information technology in asset tracking perpetrators of corruption.
