

ABSTRACT

ANALYSIS OF COMPANY PERFORMANCE OF PDAM WAY AGUNG KABUPATEN TANGGAMUS BASED KEPUTUSAN MENTERI DALAM NEGERI NUMBER 47 OF 1999

by:

YUNITA SUPRIANI

This study aimed to measure and assess the performance of the Water Company (PDAM) Way Agung Kabupaten Tanggamus through the assessment of performance against financial, operational and administrative aspects of aspects based on the Keputusan Menteri Dalam Negeri Nomor 47 Tahun 1999, 2009-2011 period.

The calculation and analysis of the performance of PDAM Way Agung, Kabupaten Tanggamus by the Keputusan Menteri Dalam Negeri Nomor 47 Tahun 1999 was 33.98, 34.93, and 31.39.

Based on the rule, the performance is quite good at all if performance score > 75 , well if $> 60-75$, enough if $> 45-60$, less if $> 30-45$, and is not good if the performance score ≥ 30 . It can be concluded that the level of performance of PDAM Way Agung Kabupaten Tanggamus during the study period 2009-2011 were categorized less. This shows that the Great Way taps have not done performance improvement over the study period.
