Oleh

TYARA PUTRI RAHMAN

Dalam skripsi ini membahas tentang budaya hukum terhadap gerakan sadar zakat di lingkungan universitas, khususnya Universitas Lampung. Penelitian ini bersifat penelitian kualitatif yang bersifat deskriptif melalui program magang MBKM FH Universitas Lampung. Masalah yang diteliti oleh penulis mencakup: (1) Bagaimana budaya hukum di universitas lampung terkait pelaksanaan zakat profesi berdasarkan analisis hukum islam. (2) Bagaimana efektivitas hukum terkait Gerakan Sadar Zakat di Universitas Lampung.

Penelitian ini dilakukan melalui studi lapangan (deskriptif kualitatif) yang di laksanakan di BAZNAS Kota Bandar Lampung selama periode Magang MBKM FH UNILA Batch VI. Data yang penulis kumpulkan diperoleh melalui wawancara dengan narasumber, observasi, dan Dokumentasi. Sedangkan teknik analisis data yang digunakan adalah teknik analisis deskriptif kualitatif.

Analisis budaya hukum di Universitas Lampung khususnya pelaksanaan pengumpulan zakat sudah berjalan. Terkait zakat profesi masih terdapat perbedaan pendapat di kalangan ulama, hal ini menyebabkan timbulnya keraguan para dosen dan tenaga kependidikan di Universitas Lampung dalam menunaikan zakat profesi. Oleh karena itu Gerakan Sadar Zakat di Universitas Lampung belum berjalan secara efektif. Pernyataan ini juga diperkuat dengan belum terbentuknya Unit Pengumpul Zakat (UPZ) di tingkat universitas, dan juga kurangnya regulasi yang membahas zakat profesi. Sehingga dapat disarankan untuk Universitas Lampung untuk melakukan kerjasama dengan BAZNAS Kota Bandar Lampung dalam upaya merealisasikan Gerakan Sadar Zakat di Universitas Lampung.

ABSTRACT**LEGAL CULTURE ANALYSIS OF THE ZAKAT AWARE MOVEMENT AT
LAMPUNG UNIVERSITY****By****TYARA PUTRI RAHMAN**

This bachelor's thesis discusses the legal culture regarding the zakat awareness movement in the university environment, especially the University of Lampung. This research is descriptive qualitative research through the Faculty of Law MBKM internship program at the University of Lampung. The problems studied by the author include: (1) How is the legal culture at Lampung University related to the implementation of professional zakat based on Islamic legal analysis. (2) What is the effectiveness of the law related to the Zakat Awareness Movement at the University of Lampung.

This research was conducted through a field study (qualitative descriptive) which was carried out at BAZNAS Bandar Lampung City during the MBKM FH UNILA Batch VI Internship. The data that the author collected was obtained through interviews, observation and documentation. Meanwhile, the data analysis technique used is a qualitative descriptive analysis technique.

The analysis of legal culture at the University of Lampung, especially the implementation of zakat collection, is already underway. Regarding professional zakat, there are still differences of opinion among ulama (scholar), this has caused doubts among lecturers and educational staff at the University of Lampung in paying professional zakat. Therefore, the Zakat Awareness Movement at the University of Lampung has not been running effectively. This statement is also provided by the lack of formation of a Zakat Collection Unit (UPZ) at the university level, and also the lack of regulations discussing professional zakat. So it can be recommended for the University of Lampung to collaborate with BAZNAS Bandar Lampung City in an effort to realize the Zakat Aware Movement at the University of Lampung.
