KATA PENGANTAR  i
DAFTAR ISI  ii
DAFTAR TABEL  iii

BAB I PENDAHULUAN

1.1 Latar Belakang ................................................................. 1
1.2 Rumusan Masalah ............................................................. 10
1.3 Tujuan Penelitian ............................................................. 10
1.4 Kegunaan Penelitian ........................................................ 10

BAB II TINJAUAN PUSTKA

2.1 Penelitian Terdahulu ......................................................... 12
2.2 Tinjauan Tentang Surat Kabar ........................................... 14
  2.2.1 Sejarah Surat Kabar ..................................................... 14
  2.2.2 Pengertian Surat Kabar ............................................... 16
  2.2.3 Ciri Surat Kabar ........................................................ 17
  2.2.5 Fungsi Surat Kabar ..................................................... 19
  2.5 Kelemahan dan Kelebihan Surat Kabar ............................ 21
2.3 Tinjauan Tentang Rubrik ................................................... 21
2.4 Tinjauan Tentang Opini ..................................................... 22
2.5 Tinjauan Tentang Opini Pada Surat Kabar .......................... 25
2.6 Tinjauan Tentang Ciri Rubrik Opini Pada Surat Kabar .......... 27
2.7 Tinjauan Tentang Minat ..................................................... 28
2.8 Tinjauan Tentang Menulis ................................................................. 29
2.9 Teori Stimulus-Organism-Respons (SOR) ............................................. 31
2.10 Kerangka Pikir ..................................................................................... 35

BAB III METODOLOGI PENELITIAN

3.1 Tipe Penelitian ....................................................................................... 38
   3.1.1 Metode Penelitian ........................................................................... 38
3.2 Variabel Penelitian ................................................................................ 39
3.3 Definisi Konsep ..................................................................................... 39
3.4 Definisi Operasional .............................................................................. 41
3.5 Populasi .................................................................................................. 43
3.6 Sampel dan Teknik Sampel ................................................................... 43
   3.6.1 Sampel ............................................................................................. 43
   3.6.2 Teknik Pengambilan Sampel ............................................................. 44
3.7 Sumber Data ........................................................................................... 45
3.8 Teknik Pengumpulan Data ...................................................................... 46
3.9 Teknik Pengolahan Data .......................................................................... 46
3.10 Teknik Pemberian Skor .......................................................................... 47
3.11 Teknik Pengujuan Instrumen Penelitian ................................................. 48
   3.11.1 Uji Validitas Kuesioner ................................................................. 48
   3.11.2 Uji Reliabilitas Kuesioner .............................................................. 49
3.12 Teknik Analisa Data ............................................................................... 50
3.13 Pengujian Hipotesa ............................................................................... 52

BAB IV GAMBARAN UMUM, HASIL DAN PEMBAHASAN

4.1 Gambaran Umum .................................................................................... 54
